Rushville, Indiana, Thursday Evening, March 20, 1919

FOURTEEN PAGES TODAY

ORGANIZATION FOR VICTORY LOAN DRIVE IS COMPLETED

Rush County Ready Literally to Roll
up Sleeves and Begin Final
Bond Campaign

WORKERS TO GO TO CHICAGO

Local Committee Will be Represent-
ed by Four and Possibly Others
at Conference

QUOTA TO BE NEAR MILLION

County Subscribes \$3,450.00 in
First Four Loans—Co-Oper-
ation to Get Results

With a complete organization
formed, Rush county today stood on
the threshold of the last Liberty
Loan campaign. Earl H. Payne,
county chairman, consulting with
other members of the local commit-
tee, has organized the county down
to the townships.

The departure tonight of county
Loan workers for Chicago to at-
tend the seventh federal reserve dis-
trict conference, actually marks the
beginning of the campaign to sell
the Victory issue here, because from
this time on the organization will be
at work preparing for the drive,
during which time, the people of
Rush county will be called on to
take approximately \$1,000,000 worth
of bonds of the fifth issue.

The organization which has been
perfected for the campaign is re-
garded as the best that ever rolled
up its sleeves and went to work on
a patriotic project. No single phase
apparently has been overlooked in
preparing for the campaign.

"Rush county has subscribed,"
said Mr. Payne today, "to \$3,450-
000 worth of Liberty Bonds of the
First, Second, Third and Fourth
Liberty Bond Loans, and now with
the co-operation of the citizens of
Rush county, the allotment of the
Fifth Victory Liberty Loan of about
\$1,000,000 will undoubtedly be
bought."

"When the campaign opens, let
everyone be interested and everyone
help to sell the short time notes that
will be issued by our government,
and which will earn a good rate of
interest. If everyone helps this
large sum allotted to Rush county
soon will be subscribed and Rus-
h county again will have fulfilled her
duty to her country."

Mr. Payne, together with Judge
Will M. Sparks, Rushville city direc-
tor; T. M. Green, county director;
Theodore Heeb, secretary of the
county committee, and possibly
other county workers, will leave to-
night for Chicago to attend the
district conference. It will open at
eleven o'clock in the morning, fol-
lowed by a luncheon at the Hotel
LaSalle and state conferences in the
afternoon. There will be a ban-
quet at 6:30 in the evening at which
Carter Glass, secretary of the treas-
ury, will speak.

County Committee

The county committee is com-
posed of the following:
Earl H. Payne, chairman - Rushville
T. L. Heeb, vice-chairman - "
W. Stiers, secretary - "
L. M. Sexton, treasurer - "
L. Link, director of sales - "
T. M. Green, Co. director - "
Judge Will M. Sparks, - "
Rushville city and town-
ship - "

THIRTY-TWO CARS ON EXHIBIT AT THE SHOW

First Co-operative Automobile Dis-
play Opens Today and Will
Continue All Day Tomorrow

LARGE CROWD IS ATTENDING

A large crowd gathered for the
automobile show today which from
all indications promises to be a
great success. Thirty-two cars are
being shown, each dealer showing
three models, with the exception of
two. The Franklin jazz band ar-
rived at noon and all through the
afternoon the crowd enjoyed the
music furnished by them. The
streets between the main part of
the city were crowded with corners
and goers form the show. This is
the first co-operative automobile
show ever held in Rush county and
the dealers are more than pleased
with the prospects. Demonstrations
were being given all day and from
the prospects there will be several
new automobile owners in this coun-
ty by the close of the show tomor-
row night.

The different dealers and the cars
exhibited are given herewith: Knecht
and Gartin—Buick 6, touring, Chev-
rolet 6, touring, and Chevrolet 4,
touring; Jones and Johnson—Over-
land 6, touring, Overland 4, road-
ster and Willys-Knight touring; Ray
—Keys—Ford touring, Coupe and Se-
dan; Ollie Brown, Moore 30, five
passenger; O. F. Bussard—Reo 6,
seven passenger and Reo truck;
Oneal Brothers—Maxwell coupe,
Chandler seven passenger and Stu-
debaker 6, 1920 model; Rushville
Auto company—Grant 6, Nash 6 and
Nash three-ton truck; Charles Cald-
well—Essex 6; Nick Tompkins—
Oldsmobile 8, seven passenger, five
passenger and four passenger club-
ster; George Alexander—Chalmers,
five passenger, Sedan and Oakland
six; Joe Clark, Hupmobile coupe,
Hupmobile seven passenger touring,
Franklin touring, Dodge touring
and roadster.

APPEAL FOR USED GARMENTS

Red Cross Shows Necessity of Mak-
ing Donations Next Week

The need for clothing is so great
in Europe that Rush county people
are very urgently requested by local
Red Cross officials to make a thor-
ough search for garments to donate
during the campaign for used cloth-
ing next week. The court house as-
sembly room will be the receiving
station. Each garment given will
prevent actual suffering, it is stated,
for refugees have been in rags and
almost destitute for years. It is
not possible to make clothing, as in
most countries material is lacking.

TAKEN TO HARRISBURG, ILL. FOR BURIAL TODAY

Body of Mrs. Sarah Grace Released
by Coroner When he Practically
Concludes Inquest.

NO MORE LIGHT ON TRAGEDY

The body of Mrs. Sarah Grace,
who was found dead in her home in
Milroy last Sunday morning under
mysterious circumstances, was taken
to Harrisburg, Ill., today for burial
by the husband, Joshua Grace, and
son, Paul Grace, of Chicago. Short
funeral services were held this
morning at the E. O. Anderson un-
dertaking establishment in Milroy,
conducted by the Rev. E. A. Robert-
son of the Milroy M. E. church.

All the evidence having practically
been taken by county coroner, Dr.
John M. Lee, the body was released
so that it could be removed to the
old home of the family. Dr. Lee
said today that he might take the
testimony of one more witness, be-
fore closing the inquest, but that he
would not file a verdict for a few
days.

The elder Mr. Grace gave his tes-
timony to the coroner yesterday af-
ternoon, but failed to throw any
more light on the tragedy. He de-
clared he was not awake during the
night, but that he was up after hav-
ing retired, before he went to sleep,
because his wife was sick.

PARKING LINES IN CITY ARE REPAINTED

Mayor Also Calls Attention to
Muffler Law Which Was Passed
by The Legislature.

GREENSBURG MEN EXCUSED.

The parking lines are being re-
marked with white paint in order
that they may be plainly seen and
the authorities hope that it will not
be necessary to have any trou-
ble. No parking in front of fire hydrants
is allowed and these spaces are pro-
perly marked in order that all can
see them.

The mayor also requests, since
the open muffler law will be in effect
in the near future, that all who have
their machines equipped with muf-
flers keep them closed while in the
city and those whose machines are
not equipped with mufflers, have
them put on at once, for he warn-
ed that this is one law that will be en-
forced more strictly than any other.
Heretofore this was only a city or-
dinance but it has recently been
made a state law.

Two Greensburg men were ar-
rested by the city firemen last night for
turning in the street in front of the
fire station. They pleaded guilty to
the charge in police court but were
not fined by the mayor because they
were strangers and not acquainted
with the city ordinances. Ignorance
will not excuse anyone hereafter
and drivers are informed that they
are to go to a street intersection be-
fore turning.

ONE OBSTACLE TO INCLUDING DRAFT

Prohibition of Racial Discrimination
as Amendment May Hold up
Immediate Agreement

IS BEING SOUGHT BY JAPAN

Committee Which Drew up Covenant
Will Hold First Meeting Since
Finishing Draft

(By United Press.)

Washington, Mar. 20.—Prohibi-
tion of racial discrimination as an
amendment of the league of nations
covenant sought by Japan, stands
out as the leading obstacle in the
path of immediate agreement on the
league draft for the peace treaty.

Paris, Mar. 20.—The supreme war
council has again ordered the Poles
and Ukrainians to cease fighting im-
mediately, it was announced today.

Paris, Mar. 20.—The Temps says
an agreement has been reached by
the allied governments to include the
league of nation in the preliminary
peace treaty with Germany.

Paris, Mar. 20.—The league of
nations covenant, as it will be in-
corporated in the preliminary peace
treaty, will be practically completed
Saturday, according to general be-
lief today.

On Saturday the committee which
drew up the constitution will hold
its first meeting since the initial
draft was finished.

Suggestions from neutrals, re-
garding changes and amendments
were to be received today. Informal
talks will also be held by various
conferes in which the president and
Colonel House will represent the
United States.

The delegates have been going
over the clauses of the covenant with
a view to meeting the suggestions
and criticisms advanced by the
United States senate.

Some of the committees, having
completed their work on problems
to be incorporated in the prelimi-
nary treaty are now considering sub-
jects which will form a part of the
final settlement.

The commission on aerial prob-
lems has agreed to the general
principle of control for air naviga-
tion but has appointed three sub-
committees which will work out the
details. An important feature of
the commission's work is recognition
of absolute jurisdiction by each
state of the air above its territory
and territorial waters.

INDIANAPOLIS MAN FINED

Orion B. Ent Pays \$5 and Costs For
not Having License.

Orion B. Ent of Indianapolis, was
fined \$5 and costs in Mayor Irvin's
court this morning when he pleaded
guilty to operating a machine with-
out license in this city some time
ago. Mr. Ent promised the mayor
to send a check from his home in
Indianapolis to pay the fine but did
not do so, having declared he was
arrested for the same offense in In-
dianapolis. He promised to find the
mayor know if he had been fined in
Indianapolis. Several letters were
written to him but he did not reply.
Finally Prosecutor Stevens notified
Mr. Ent he would have to pay the
fine here which he did.

DRAFT LIST EXPRESSED

George B. Moore, Jr., clerk of the
county army selection board, today
shipped the county classification list
to the adjutant general's office in
Washington by express, in instruc-
tions received from Major Baltzell,
state conscription agent. The other
draft records are crated and will be
sent by freight as soon as orders to
that effect are received.

AN INVASION OF GERMANY PLANNED

Bolshevik Movement is Timed to Co-
incide With French Uprisings
in Berlin and Austria

CABINET CRISIS IMPEWDING

Council of War Plans Defense and
Von Hindenburg Directs Pre-
paration in East

(By United Press.)

Geneva, Mar. 20.—French troops
have occupied four cities in Central
Germany because of Spartan
trouble, it was reported here today.

Berne, Mar. 20.—Spartacans are
beginning agitations for a new gen-
eral strike March 26, declaring that
"this time victory is certain," a
Berlin dispatch reported today.

Berlin, Mar. 20.—A Bolshevik in-
vasion of Germany is being planned,
timed to coincide with fresh upris-
ings here and in Austria, a Berlin
paper declared today. Attempts will
be made to capture Vienna.

A cabinet crisis is impending ac-
cording to reports. Chancellor
Scheidemann's position is said to be
insecure.

London, March 20.—Bolshevik
forces were defeated in an attack
on the allied positions south of Ar-
changel, it was announced in offi-
cial dispatches received here today.

"The Bolsheviks in an attack 130
miles south of Archangel were re-
pulsed, leaving many dead and
wounded and six machine guns in
our hands," said one dispatch dated
March 15.

Copenhagen, Mar. 20.—Germany
is bending every effort to resist the
threatened Bolshevik invasion.

Following attacks of military pre-
parations, a council of war has
been called to draw up plans for
the defense campaign, a dispatch

CHARLES H. LYONS IS DEAD AT KNIGHTSTOWN

Former County Commissioner Ex-
pires of Paralysis and Funeral
Will be Held Tomorrow.

WIDOW AND 3 CHILDREN LEFT

Charles H. Lyons, age 65, former
Rush county commissioner and for-
mer city councilman at Knightstown,
died yesterday evening at 4 o'clock
at his home in Knightstown of paral-
ysis, and the funeral will be held
at the residence tomorrow after-
noon at 1:30 o'clock. Burial will
take place in Glencoe cemetery at
Knightstown.

Mr. Lyons suffered a stroke three
years ago, which marked the begin-
ning of his decline in health. He
was the son of Elijah and Amanda
Lyons and was born in Noble town-
ship August 11, 1853. After his
marriage Jan. 16, 1883 to Florence
A. Downey, he lived in Center town-
ship until several years ago when he
retired and moved to Knightstown.
Mr. Lyons was elected a member of
the Knightstown council after re-
moving there but resigned after suf-
fering the first stroke of paralysis.

Besides the widow and his moth-
er, who lives here with her daugh-
ter, Mrs. Tom Humes, Mr. Lyons is
survived by one son, Lieut. Blaine
Lyons of the ordnance department,
St. Louis; two daughters, Mrs. John
A. Tittsworth of this city, and Mrs.
Frank Huber of Center township;
three sisters, Mrs. Humes and Mrs.
George Arbuckle of this city and Mrs.
Lon Arbuckle of Manilla, and two
brothers, Ed Lyons of this city and
John W. Lyons of North Manches-
ter,

LOCAL DELEGATION MAY GO TO MEETING

Plans Being Considered Today For
Special Train to Richmond for
Republican Gathering.

SENATOR WATSON TO SPEAK

Will Address Workers Afternoon of
April 2 and Discuss League of
Nations at Night.

Richmond will be the mecca for
thousands of republicans of the sixth
congressional district of Indiana on
April 2 when Senator James E. Wat-
son will address a conference of re-
publican workers, assembled from
every county in the district, in the
afternoon, and will discuss for the
first time before an Indiana audience
the proposed League of Nations in
the evening at a public meeting to be
held in the Richmond coliseum.

Plans were being discussed here
today for arranging for a delegation
of Rush county republicans to at-
tend the meeting. It is possible that
a special train will be procured to
bring the crowd back from Rich-
mond the night of April 2, providing
there are enough people in the coun-
ty who care to go. The local pas-
senger has taken the matter up with
the federal railroad administration
to see if it is possible to get a spe-
cial. It would be possible to go to
Richmond in the morning or in the
evening at 6:35, which train would
arrive at Richmond at 8 o'clock, in
time for the night meeting.

A. L. Riggs, Robert E. Mansfield
and Judge Will M. Sparks have been
appointed as members of the com-
mit from this county to make ar-
rangements for a local delegation to
attend the meeting, according to a
dispatch from Richmond received by
the Daily Republican today.

In discussing the question today,
many republicans expressed the be-
lief that enough people could be
found to make a guarantee for a
special train, providing the railroad
administration will permit one to be
run. It was pointed out that doubt-
less many women were expected to
take a deeper interest in politics in Indiana
next year because the last legisla-
ture passed a law giving them the
right to vote for president.

Continuing, the dispatch from
Richmond says:

Senator Watson is regarded as one
of the most brilliant orators in
American public life and he is now
being prominently mentioned for the
republican presidential nomination
in 1920. Moreover Senator Watson
is a resident of the sixth district and
is the particular pride of the repub-
lican voters of the district. Rich-
mond republicans are making ar-
rangements to entertain the largest
crowd ever assembled in the city for
a public meeting.

The Richmond executive commit-
tee in charge of arrangements for
the Watson meeting is composed of
E. M. Campfield, Karl K. Meyers,
Will W. Keller, Linus P. Meredith
and Ray K. Shiveley.
Ed C. Paul of Cambridge City has
been selected to preside as chairman
at the Watson meeting. The Repub-
lican conference will be held at the
Wayne county court house in the
afternoon and following the busi-
ness session the party workers will
be addressed by Senator Watson.

FINALLY DISCHARGED

Frank Hutson has been finally
discharged in circuit court on re-
commendation of the warden of the
state prisoner. He was sentenced to
a term of one to eight years March
16, 1918, on a charge of receiving
stolen goods. It was alleged he ac-
cepted corn which some boys had
stolen. His sentence was suspended.

RECOGNIZE NEW NATION.

Berne, Mar. 20.—The Swiss fed-
eral council has recognized the new
Serbian-Croatian-Slovene nation.

THE GREATEST LINIMENT
OF THEM ALL

FAMOUS 20TH CENTURY LINIMENT GUARANTEED BY ALL
GOOD DRUGGISTS

Its Use Advised in All Cases of
Rheumatism, Lumbago, Sciatica
and Neuritis

The shooting, tearing pains of
Neuralgia, Sciatic and Lumbago are
speedily relieved, while headache,
Toothache and Earache simply flee.
Heavy colds and sore throats that
threaten pneumonia and tonsillitis
may be cured in a single night—and
not only is 20 Century Liniment the
relief needed in such cases as this,
but in practically any painful con-
dition.

There's nothing injurious in 20
Century Liniment. It contains such
well known remedies as Camphor,
Menthol, Iodine (in non-colorable
form) and many other ingredients
prescribed by the highest medical

authorities in the land, things that
bring soothing relief and real joy to
sore and aching muscles.

20th Century Liniment besides be-
ing so marvelously antiseptic that it
at once destroys germs and poisons
caused by germs, is such a remark-
able healing agent that eczema, bar-
ber's itch, salt rheum and other in-
flammatory skin eruptions go in a
few days.

For years it has been used to
heal boils, carbuncles, ulcers, ab-
scesses and open sores, and with
the most perfect success.

Step into the nearest drug store
or stop on your way home at any
drug store and get a bottle. If re-
sults are what you want make an
effort to get it. But be sure you get
20th Century Liniment.—(Adv.)

LOCAL LOGGEMEN ATTEND

More Than Two Dozen at District
Meeting of J. O. U. A. M.

More than two dozen local mem-
bers of the Junior Order United Amer-
ican Mechanics attended the dis-
trict meeting in Newcastle yester-
day and men from here were in the
large class which was initiated. The
next district meeting may be held
here, although the date is not yet
fixed. Addresses were delivered by
Mayor George Elliott of Newcastle,
John S. Hart of Union City and
George Unger of Marion. Reports
showed a gain of 400,000 members
in the United States last year and
an increase of 200 in Indiana. The
J. O. U. A. M. is a fraternal, patri-
otic organization which was founded
in 1776.

Be a Joy-Walker,
"Gets-It" for Corns

2 Drops, 2 Seconds—Corn Is Doomed!

When you almost die with your
shoes on and corns make you almost
walk sideways to get away from
the pain, take a vacation for a min-
ute or two and apply 2 or 3 drops

"My Corns Peel Clean Off, With 'Gets-It'!"
of the world's magic and only gen-
uine corn-peeler. "Gets-It." Then,
and then only, will you be sure that
your corn will loosen from your toe
so that you can peel it right off
gloriously easy with your fingers.
Take no chances of continued pain
and soreness—why use greasy, irri-
tating salves, plasters that shift
and press into the "quick," razors
and "diggers" that make corns bleed
and also grow faster? Use painless,
easy, always sure "Gets-It." There's
only one like it in the world—that's
"Gets-It." Millions have tried and
O. K'd it for years. It never fails.
"Gets-It," the guaranteed, money-
back corn-remover, the only sure
way, costs but a trifle at any drug store.
M'd by E. Lawrence & Co., Chicago, Ill.

STOCKMEN GATHERED
FOR LIVESTOCK RALLY

To Consider The Part Livestock is
to Play in the Readjustment
Period

MANY STATES REPRESENTED

(By United Press.)

Indianapolis, Ind., Mar. 20.—Ap-
proximately 4,000 stockmen and
farmers from Indiana and sur-
rounding states gathered here today
for a livestock rally called by Gov-
ernor James P. Goodrich to consid-
er the part livestock is to play in
the readjustment period. The meet-
ing is designed to plan an increase
of the quantity and improve the
quality of the livestock produced in
Indiana.

Representatives from a score of
states and from every livestock ex-
change in the Central West were
here, besides large delegations from
every county in Indiana. A number
of delegations came here on special
trains or cars.

The program opened this morning
in Tondinson Hall with an address
of welcome by Governor James P.
Goodrich. He was followed by Gov-
ernor Frank O. Lowden, of Illinois,
and A. J. Glover, Ft. Atkinson, Wis.,
editor of Hoard's Dairyman. The
afternoon speakers were Dean J. H.
Skinner, of the Purdue University
of Agriculture, recognized perhaps
as the best-versed livestock man
connected with any university in
the United States, Prof. G. I. Chris-
tie, assistant secretary of agricul-
ture and W. E. House, Mondovi,
Wis., president of the Wisconsin
Livestock Breeders' Association.

Resolutions urging the discarding
of every scrub sire in all classes of
livestock were adopted. Another
set forth the advantages every far-
mer could obtain by the use of high-
er grade or pure-bred animals.

KILLED IN COAL MINE

Vincennes, Ind., Mar. 20.—Alfred
Thompson, age twenty-four, recent-
ly discharged from the army, was
killed in the Knox coal mine near
Bicknell yesterday in a collision.
Thompson was riding a motor and
did not notice that a cut of cars had
broken loose from a motor ahead.
James Jones jumped and saved his
life.

RECOGNIZES POLAND.

Brussels, Mar. 20.—Belgium has
recognized the independence of Po-
land.

FENCE!

The cheapest fence in the long run is not the cheapest
in price. You get what seems a bargain in price and you
get wire that rusts, lock that slips, fence that breaks.
In a short time you need a new fence.

We guarantee our large assortment of fence to be of the
very best quality, and at a reasonable price. It will be
standing when other fences around you of the same
gauge wire are ready for the scrap heap.

COME AND SEE OUR FENCE BEFORE YOU BUY.

WANTS AMERICAN
BUSINESS TO AID

France Seeks Its Assistance to Re-
store Devastated Regions to
Be Rebuilt

TASK WILL TAKE TEN YEARS

(By United Press.)

Paris, Mar. 20.—American bullets
helped save France and now she
wants American business to aid in
her restoration.

France desires intensive American
co-operation in putting the northern
district back on the map, Philippe
Chocarn, comptroller-general of the
liberated region stated today.

"It will take ten years to restore
northern France to its pre-war
state, working our hardest," said

Chocarn. "For five years we will
need all the assistance we can pos-
sibly get from the United States.

"We need machinery, building and
a vast amount of all sorts of ma-
terials. Entire towns, cities and vil-
lages must be rebuilt."

A machine has been invented to
wash large quantities of eggs rapid-
ly. ?

Stop Itching Skin

There is one safe, dependable treat-
ment that relieves itching torture and
skin irritation almost instantly and
that cleanses and soothes the skin.

Ask any druggist for a 35c or \$1 bottle
of Zemo and apply it as directed. Soon
you will find that irritations, pimples,
blackheads, eczema, blotches, ringworm
and similar skin troubles will disappear.
A little Zemo, the penetrating, sat-
isfying liquid, is all that is needed, for it
banishes most skin eruptions, makes
the skin soft, smooth and healthy.
The E. W. Rose Co., Cleveland, O.

"We're As Near As The Nearest Telephone."

While we are always glad to have our patrons call and select
their own flowers and which a great many people do, yet, most
of our orders are by the convenient way of the telephone. It
is near, quick and reliable and by ordering HERE you are sure
to get what you order and bearing the highest quality of dis-
tinction. I will not sell you a high grade of price and a low
grade quality of flowers.

Do not hesitate if you find it inconvenient to come, just phone.
We are rounding out our twenty-fifth year in Rushville now and
we have a host of friends for many miles in every direction to
thank for same. One must be on the square and remain that
long. But come to look and feast your eyes from now on. Our
place is always worth walking to see.

Beg to announce that we are official members of the Florists
Telegraphic Delivery. Flowers telegraphed to any part of the
United States and Canada within a few hours.

She Grows Nervous at Nightfall

More dreaded than an alarm of fire by night is the hoarse, brassy cough of croup to the nervous mother who fears this terror of childhood. Why worry, when a few timely doses of Foley's Honey and Tar will ward off croup and clear the throat of choking phlegm. It will give you confidence to face nightfall without fear of croup. Mrs. Ben Meyerink, Clymer, N. Y., says: "Our little girl would surely have had croup but Foley's Honey and Tar stopped it at once." F. B. Johnson.—(Adv.)

DON'T BUY Farm Implements

Until you investigate the firm that makes them. There are lots of implements offered for sale in Rush county this year that were made by firms now out of business, and you will have trouble getting repairs and every farmer knows what that means—DELAY and EXPENSE right when you want to use the machine. They may be a trifle cheaper now but they will be useless when you can't get repairs for them. If you buy an implement from me you can get repairs for them in a HUNDRED years from now, and I have more repairs in my store today than all the dealers in Rush county, and that proposition is for your convenience. See my line before you buy implements—Nothing out of date—Nothing shop worn—and Nothing but what you can always get repairs for. THAT'S WHAT YOU WANT and THAT'S WHAT I HAVE.

Home Store Service.

The service which the stores of Rushville offer is not always fully appreciated. It represents an achievement far beyond what can be created by any group of men.

It is linked up with a system of world-wide distribution, built up through years of effort of the brightest business minds.

Years ago the ordinary retail store had no such command over the world's resources. Today a system has been organized by which any store great or small, can draw at once on central depots for anything under the sun that it can pay for. It

What Doctors Use for Eczema

A soothing combination of oil of Wintergreen, Thymol, and other healing ingredients called D.D.D. Prescription is now a favorite remedy of skin specialists for all skin diseases. It penetrates the pores, gives instant relief from the most distressing skin diseases.

D.D.D.
The Liquid Wash
Pitman & Wilson, Druggists.

is visited regularly by trained representatives of these centers, who give expert help in meeting the needs of the public.

Thus any bright and progressive store becomes an integral part of a great system, in a position to offer standardized service. It can provide anything that the public wants, in an intelligent way, and in so far as its business is conducted on progressive principles, for a reasonable price.

In Case.

Before the end of the war the English had built and operated submarines that carried twelve-inch guns. All the tests applied to them proved them capable of everything that submarines had ever accomplished—and then some.

The submarine is a weapon which England fears more than any other. It is the greatest menace to the integrity of the British Empire. England wanted submarines taboored at the peace conference—which is just what happened.

To insure a verdict that a certain type of warfare is too horrible for civilized nations a certain nation equips itself to prosecute this horrible type of warfare more horribly than it has ever been prosecuted. To prevent dirty tricks a nation shows itself ready to be the dirtiest in the crowd.

It seems slightly illogical—yet eminently practical. No nation is more anxious for peace than ourselves, but we shall insure it none the more securely by proving ourselves incapable of handing out rough stuff.

We are a little over-anxious about our role of panoplied crusader in a white surplice. The surplice will be none the less white because of the panoply, and if our record as a nation is not good enough to guarantee us against any charges of lust of conquest, America has lived in vain.

Some of the newspapers object to President Wilson's "defiant and dictatorial attitude" while others object to the Senate's "defiant and dictatorial attitude". Can it be that all Amer-

Surgeon Major Will
Speak At Arlington

Surgeon Major Staton, who was with the Canadian forces three years in the front line trenches of France and Flanders, will give an address of absorbing interest at the Christian church in Arlington next Sunday evening at seven o'clock.

The major lost four sons and three brothers in the war and was wounded severely. He was cited five times for bravery. Major Staton has a tragic, touching and remarkable experience to relate. His very vivid and simple, sincere story is said to be intensely interesting. The major is declared to be a very modest and a gracious Canadian, whose address will have an appeal for everyone.

FUNERAL OF MARY SHOOK

Services for Wife of Robert Shook
Held at Manila Today.

The funeral services of Mrs. Mary Shook, who died Tuesday evening of influenza at her home in Manila, were held this afternoon at the Manila M. E. church and burial took place in the church cemetery.

Mrs. Shook was born in Manila and resided there all her life. She died at the age of 57 years, 11 months and 18 days. She was married to Robert Shook Sept. 30, 1878, to which union two children were born, one of these, a son, Frank, surviving, together with the husband. She was a member of the Manila M. E. church. The Rev. James L. Brown had charge of the services.

Willard STORAGE BATTERY SERVICE STATION

"It Was O. K."

Some day you may be saying that about your battery.

Of course you'll believe it.

Yet your battery may have been getting nearer and nearer to the failing point every day on account of trouble that you could have headed off weeks ago if you had only known.

You may have let the water get low.

You may have used more current than has been replaced.

You may have let a connection work loose.

But whatever you did, the weakness would have been uncovered by an inspection and a simple hydrometer test.

If you haven't a hydrometer and have never inspected your battery or made a test, come in and let us explain.

ANSWERS CRITICS OF CHRISTIAN LIFE

Evangelist Says Ananias Club Has
Nothing on Those Who Try to
Think up Excuses

DELEGATION COMING FRIDAY

Seats Will be Reserved For Con-
nersville People—M. E. Revival
Will Close Sunday

"The Ananias Club has nothing on some of you folks when you try to think up reasons for not taking up the Christian life," stated Evangelist Miller in his stirring sermon on "The Ananias Club of Rushville," at the St. Paul's M. E. church last evening. In an original and impressive way, the speaker told the various reasons that persons give for not taking up the Christian life and in a very clear way, he answered the reasons.

Preceding the sermon, reports were given of the morning prayer meetings which have shown a steady increase in attendance. The Rev. and Mrs. Black sang a beautiful duet, "Why Not Say Yes Tonight?" which was particularly appropriate to the sermon. The Rev. J. T. Aiken of the First United Presbyterian church led in the opening prayer.

A delegation from Connersville will attend the service tomorrow evening and seats will be reserved for them. At that meeting, the evangelist will preach on "Knocking." The three weeks revival services will close with the Sunday services when a great day is expected. Decision Day for the Sunday School will be held in the morning.

"Now Lord what wait I for," was the text of the sermon last night. "This question comes from every direction—the question asking 'Why are you not a Christian?'" he began.

The speaker in the sermon said in part:

"This is the question that your friend and neighbors ask you. It is the question your mother asks you and that your wife asks you. How

THIS EXTRA WEAR SAVES YOU SHOE MONEY

"I find Neolin Soles superior in every way to other soles. They are flexible, tough and waterproof. In the future I shall buy nothing but Neolin-soled shoes."

A. G. Aldrich, of Springfield, Mass., who makes this statement tested Neolin Soles by having a pair of worn shoes re-soled with them. "They have already worn one month longer than the soles I used to wear," says Mr. Aldrich, "and will be good for at least three months more."

An easy way to try out Neolin Soles. Have them put on your worn shoes. See for yourself how long they last—and why they are a real economy.

Or, get them on new shoes, which come in many styles for every member of the family. Neolin Soles are made scientifically by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

You will Save Money On Your Heating System If You Contract Now!

The saving of from \$10 to \$15 on a Round Oak Pipeless Heating System recommends your immediate investigation. There are good business reasons why you can save this amount by contracting during this ten day campaign.

The heating system may be installed later if you wish. Every

contract carries with it assurance of the best possible installation, as well as personal supervision. It will be installed in accordance with blue prints supplied free by the Round Oak Engineering Department.

Remember, this offer is good only up to and including March 29—no longer.

We want you to know these interesting facts about the

Round Oak Pipeless Furnace

The Best Pipeless Furnace on the Market

It will heat your home year after year with a generous volume of pure, warm, moist, ever-changing air, free from dust, gas and smoke.

It will burn any and all fuels successfully and economically. It will hold the fire over night without re-charging, even in zero weather.

The System costs only one-fourth to one-third the price of steam or hot water, yet it responds more quickly. Its results are positive.

It may be easily and quickly installed and ready for service in less than twenty-four hours from the time it is delivered to your home.

The Round Oak Pipeless is a Clean System

The patented, improved, bolted and deep-jointed construction and its heavy castings mean no dust or dirt in your home.

We are positive it is the best built, most efficient, durable and satisfactory Pipeless Heating System on the market.

It is worth every cent you invest in its purchase. Its saving in fuel alone pays a liberal interest on the investment.

Valuable Heating Book Free

You should secure one of these free Round Oak Pipeless Books, 9 x 12, profusely illustrated, which proves all of these claims and describes the other distinctive advantages.

many of you men remember your promise to your wife when you married her and that when she gave you her hand you would give God your heart. Have you kept that promise? Or do you keep your face buried in the comic supplement of the Sunday paper when she is begging you to go to church with her?

"The God asks the question of you. Your inner conscience asks the question of you. Many of you say we are willing to give our money but not ourselves. God does not want your money—He wants you.

"How many excuses there are that people have to offer you when they are asked to become a Christian. One is that they are waiting for time to consider it. The only thing they have to consider is whether they would rather live a good life or a bad one; whether they would rather go to Heaven or to Hell. Would it take much time to consider that question?

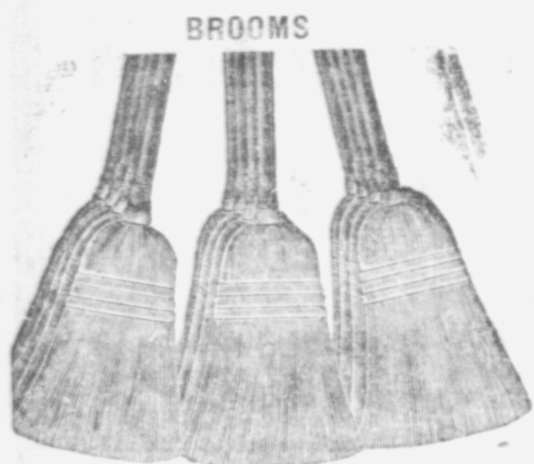

"Another popular excuse is that they are waiting to get the right feeling before they become Christians. The gray matter ought to control the emotions of a man or woman and if you know it is right to become a Christian why wait to get what you call feeling. Feeling is not the main thing—I have seen folks cry and boo-hoo around in the church and then do things that would make the devil ashamed to meet them on the street. If you want to get feeling I'll tell you what to do—get busy and do something for God. Go right the wrongs you have committed and you will get into a spiritual perspiration as far as feeling is concerned. When I got converted, there were 14 fellows I had to go apologize to for the wrongs I had done them and they have been my friends ever since.

"Folks say I would be a hypocrite if I became a Christian before I felt like doing it. Do you suppose a doctor feels like going out in the night sometimes when he gets a call to a person that he knows does not need his attention? Do you suppose that a woman feels like getting up at six o'clock in the morning to get her husband's breakfast. If doing what

WHERE YOU ALWAYS BUY FOR LESS

The Rebekah social will be held at the I. O. O. F. hall Monday evening March 24. All Odd Fellows and their families are welcome.

Mrs. David Stoops was hostess for the members of the War Mothers club yesterday afternoon at her home in North Morgan street. On account of the few members that were present only a brief business session was held, at which time it was suggested that all mothers who wished to continue to be members of the club be at the next meeting and those who did not wish to continue as members, to pay their dues and have their names taken off the secretary's book, as the list of members is to be revised. The remainder of the afternoon was spent socially.

Mrs. I. L. Endres was hostess for the Thursday Afternoon Bridge club at her home at the corner of Perkins and Seventh street yesterday afternoon. Mrs. George Endres of Bloomfield, who is visiting Mr. and Mrs. Endres, was a guest. A delectable luncheon was served at the close of the afternoon's playing.

Mrs. A. T. Mahin delightfully entertained the members of the Wednesday Afternoon Sewing club yesterday afternoon at her home in North Morgan street. The afternoon was spent over the various needlework at the close of which a dainty luncheon was served by the hostess.

The members of the Rebekah Crochet club met at the home of Mrs. Joe Stevens yesterday afternoon in West First street. The afternoon was enjoyed by the guests crocheting and doing other needlework. Light refreshments were served at a late hour.

The Mahoning Council No. 36 will give a pitch-in supper tomorrow evening in the Red Men hall in West First street.

Members of the Woman's Missionary Society of the First United Presbyterian church were entertained yesterday afternoon at the home of Mrs. S. H. Trabue in West Seventh street. Miss Maggie Littell conducted the devotional services and Mrs. J. T. Aiken gave an interesting talk on "Evidences of New Ideas and Purposes Among the Oriental Women," and Missionary opportunities. Mrs. H. H. Elliott had charge of the news items. There were seventeen members present at the meeting.

Miss Lola Caldwell, daughter of Mr. and Mrs. Charles Caldwell of near Raleigh, and Thomas Heck, son of Harry Heck of Henry county, were quietly married yesterday afternoon at 4:30 o'clock at the Main street Christian church parsonage by the Rev. L. E. Brown.

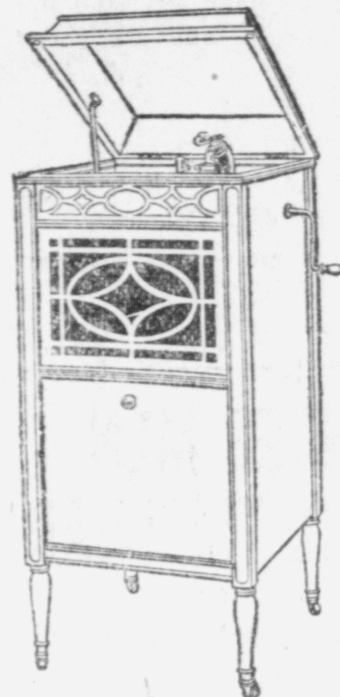

Mrs. Guy Mulbarger was hostess for the Thursday Afternoon bridge club this afternoon at her home in North Harrison street. The guests spent the afternoon over the two tables of bridge and a delicious luncheon was served at the close of the playing.

W. R. Cady's boys Sunday School of the Milroy Christian church gave a return supper last evening for the Victory Girls class in the basement of the church. The room was decorated in green and white streamers of crepe paper and the table where the delicious three course dinner was served was similarly decorated. The three waiters, which added much merriment to the evening, were dressed as girls with white middies and green skirts. The amusements for the evening were music and games and were enjoyed by thirty-seven young people.

The Band Workers of the First Presbyterian church were entertained yesterday afternoon at the home of Mrs. Bert Simpson in North Main Street. After the regular program and business session, the afternoon was spent socially.

Miss Alice Hartley, daughter of George Hartley of Belfontaine, Ohio, and Marion Detrick, Rush county agricultural agent, were married at the Lutheran parsonage in Belfontaine by the Rev. Charles E. Rice last Monday morning. The fact that they had been married did not become known until this morning when they arrived here. Mr. Detrick formerly lived in Belfontaine.

Double Bill at Princess.
His newest photoplay, "Too Many Millions", a comedy of love, money and adventure, which is being shown

**STRONGER MEN
TAKE THE LEAD**
They Have Nerves of Iron and
Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made. It is well worth getting and holding.
The health and nerve of the athlete is what Nature intended every man and woman to have.
The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.
A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription, Phosphated Iron a real blood and nerve builder."
He also says, "Phosphated Iron feeds the blood cells with iron and nerve force, and that leading specialists are now using it successfully all over the country, that it is one of the few remedies that better class doctors can now depend on to produce results."
Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.
Fittman & Wilson, Druggists, and leading Druggists everywhere.

at the Princess theatre tonight and tomorrow affords Wallace Reid one of the best roles of his screen career. In this picture he is a book agent who suddenly inherits forty millions of dollars and the entire course of his existence naturally is changed thereby.

It starts to live the life of a man of wealth but soon falls victim to the ennui which often overcomes the idol rich. Then follow a series of rapid fire adventures, involving a beautiful heroine whose father had been robbed by the book agent's uncles, and a chase after the millions after they have vanished suddenly. There are many notable scenes, one being the burning of an inn in which the heroine narrowly escape with their lives.

The story is in a light comedy vein throughout, and Mr. Reid is said to have his best light comedy role since "Believe Me Xantippe". Ora Carewe is leading woman playing Desiree Lane, and Tully Marshall is Wilkins, the absconding financial agent.

The picture was adapted by Garner Hunting from Porter Emerson Browne's novel "Someone and Somebody". The scenes were photographed by Charles Rosher and James Cruse was the director.

Fatty Arbuckle in "The Sheriff" will also be on the program.

Jascha Heifetz at Murat.

On next Sunday afternoon at the Murat theatre in Indianapolis one of the important musical events will take place when Jascha Heifetz, acknowledged the greatest genius of the violin of this generation, will be heard in recital. This is the fourth of a series of Sunday afternoon concerts which have attracted hundreds of music lovers to Indianapolis.

There is no longer any vestige of doubt as to the pre-eminence of

Heifetz as a violinist. His playing is incomparable in its sheer musical beauty. There is in Heifetz something that defies definition, a power that makes you feel that you are in the presence of the very spirit of music. If you believe in reincarna-

tion it is an easy matter to account for the marvelous artistry of this young Russian genius. Once in a generation an artist appears whose perfection is such that it is all but impertinence to comment upon it. Such an one is Heifetz. No great praise could be bestowed upon an artist, than that which the venerable teacher of Heifetz, Leopold Auer said of him. It was to the effect that in forty years of teaching the master had never come across his equal and the rapturous comment, "that such a genius is born to the world once in 200 years. As to his playing he bestowed an indorsement that was cosmic—no qualifications, hesitations, doubts. The program which Mr. Heifetz has arranged for the Indianapolis concert gives him opportunity to display every phase of his remarkable genius.

—Private Virgil Myers left today for Camp Shelby, Hattiesburg, Miss., after spending a leave of absence with his parents, Mr. and Mrs. Frank Myers. Private Myers left here with old Company B, but was transferred to the base hospital and did not get to go overseas.

HUNS REDUCE POPULATION

Paris, March 20.—The population of Rheims, which was 115,178 before the war, is 8,453, according to a census just completed by the government. Of this number 3,987 are men, 3,253 are women, and 1,213 are children. Five hundred of the children attend schools in the ruined city.

ANSWERS CRITICS OF CHRISTIAN LIFE

Continued from Page 5.
you don't feel like doing makes a hypocrite there are a lot of them in this and every other town every morning when time comes for the alarm clocks to go off.

"Then, too, we hear people say—well Christianity will apply to anybody but me. No one understands me. God will understand you and He alone can make a coat that will be the exact fit with out a single try-on. If this shoe tonight fits you, I hope you put it on.

"Women sometimes say, I am waiting for my husband to become a Christian. Well, a husband or wife can only go so far and why should a wife put her soul in jeopardy waiting for her husband? He can not repent for you, he cannot believe for you, she can not stand at the judgment bar for you and he can not be saved for you.

"Then we hear people say—I am afraid I can not hold out. Of course

INVASION OF GERMANY PLANNED

Continued from Page One

from Berlin reported today. War Minister Noske and General Von Winterfeld have gone to confer with Field Marshal Von Hindenburg, who is personally directing the preparation on the eastern frontier.

The German government, according to advices received here, fear an attempted Bolshevik invasion will be the signal for a general uprising of the radical element in Germany, many of whose leaders have openly boasted of alliance with the Russian Soviet. Although the Spartans are known to be planning another uprising, President Ebert is said to consider the Russian menace more imminent and dangerous than the internal danger.

The Bolshevik forces are advancing on practically every sector, except the Archangel and Murmansk region, where winter conditions still prevail.

Queen Quality SHOES

REG. U.S. PAT. OFF.

GERMAN HARNESS IS MADE OF PAPER

In Every Case Possible a Substitute
Was Used in Manufacture of
War Material

PAPER SUBSTITUTE USED

One Warehouse Was Packed With
Horse Equipment Manufactur-
ed From Paper Cloth

By WEBB MILLER
(U. P. Staff Correspondent.)

With the Third Army on the Rhine, Feb. 20. (By Mail).—An example of the huge mass of military material abandoned by the German Third Army in the region of Coblenz shows the straits to which the Germans were reduced by the shortage of leather and cotton.

In every case where it was possible a substitute was utilized in the manufacture of war material. For that reason much of the supplies abandoned will be of little use to the American army. Whenever practicable, paper was used instead of cloth or leather.

One warehouse contains thousands of bags made of a rough paper cloth for use as sand-bags in the construction of trenches and defense systems. According to military men, these bags would weather only a few weeks and are probably not worth the shipping space.

Another storehouse was packed with horse equipment, most of it manufactured from paper cloth. The American salvage officers discovered in this warehouse a new wrinkle in the use of paper. There were hundreds of sets of harness for horses made of paper fabric, reinforced with thin steel cables; also, halters, bridles and saddle bags. Salvage men believe that for the rough usage of war, this harness is as good as leather harness, inasmuch as it is replaceable cheaply, and in case an animal is killed on the battlefield the loss is less. In the same storehouse were thousands of horse blankets of paper, which are probably as warm as a cotton or wool blanket. Other finds were hundreds of coils of rope and cord of twisted paper strips, which is of little use because it quickly frays and pulls apart after wetting.

Among the abandoned material was several thousand thick straw horse shoes. The use of these shoes is puzzling military men, but it is believed they were used to muffle the tread of horses hauling artillery near the front. The Germans even used paper for the covering of stretchers for wounded.

Also there were great quantities of bolts of paper fabric for use in making the uppers of shoes. The fabric resembles a heavy black canvas with a shiny finish. Upon casual inspection it is difficult to determine that the material is not a thick shiny canvas, except that it is less pliable than cotton fabric.

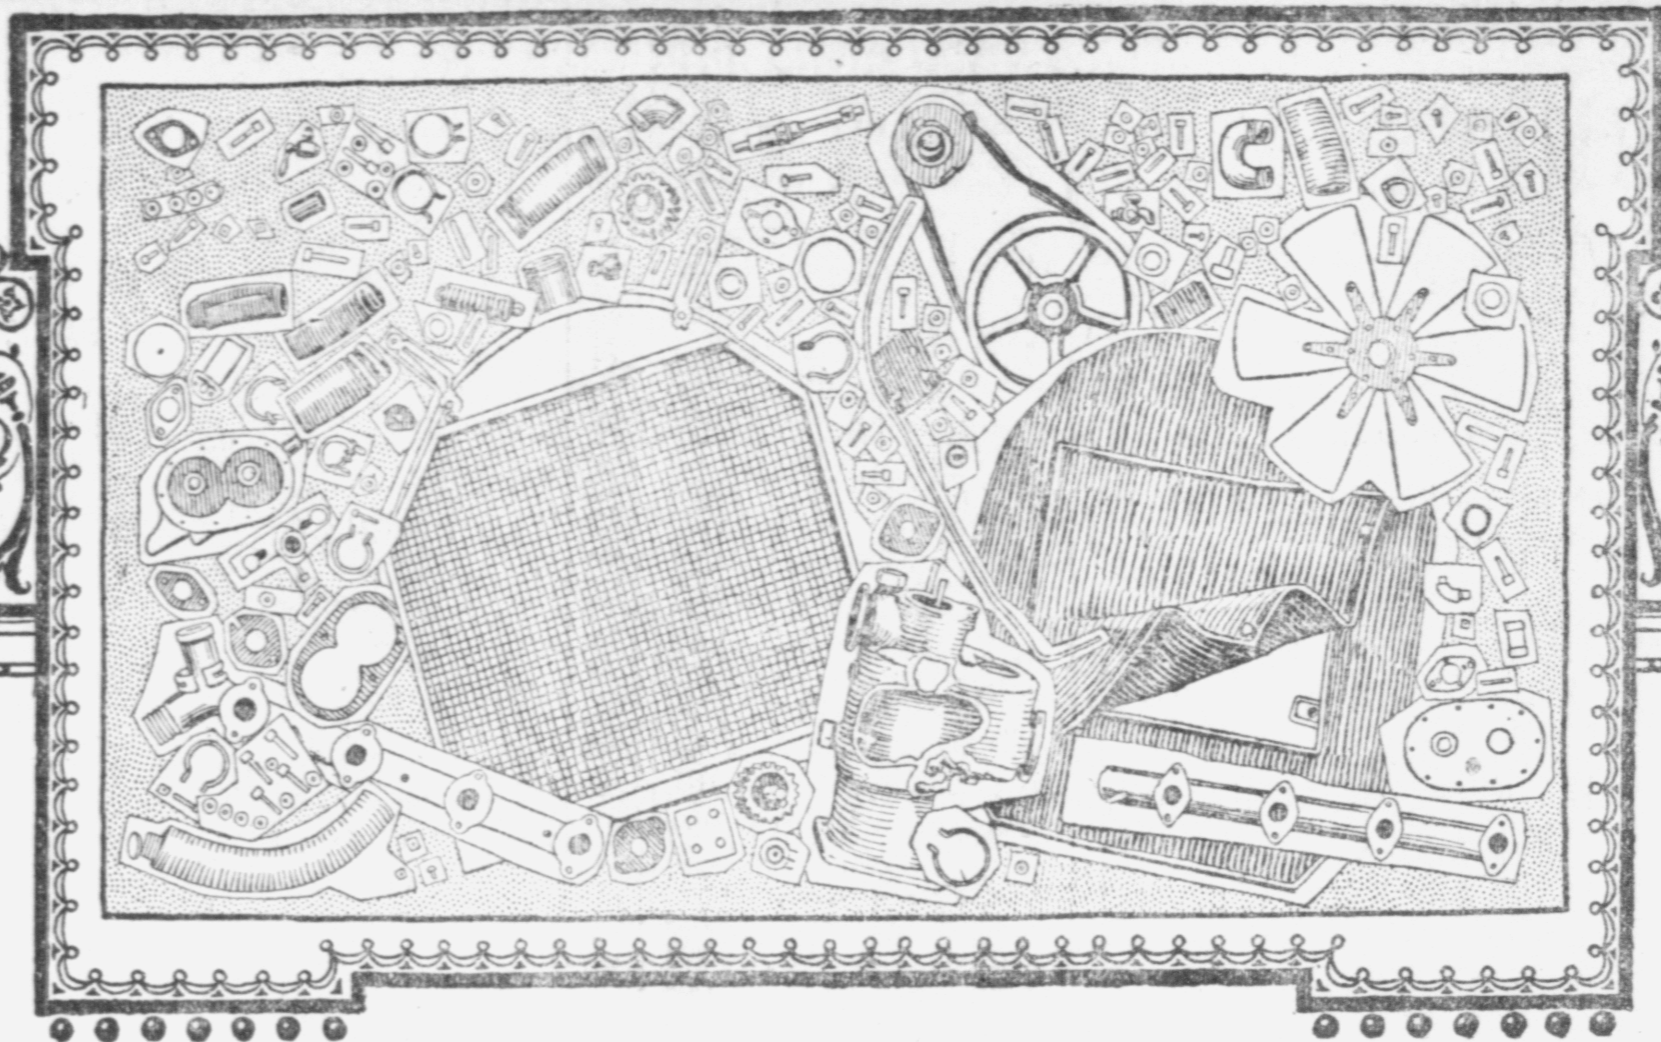

IS ORATOR AND REFORMED

Dr. J. S. McGaw Speaks at Milroy
Sunday and Rushville Monday

Dr. James S. McGaw, D. D., of Los Angeles, general field secretary of the National Reform association, who is known from coast to coast as a traveler, orator reformer, will speak at the Milroy high school auditorium next Sunday night at 7 o'clock and at the First United Presbyterian church here next Monday evening at 7:30 o'clock on the subject, "America and the New Era." The address has been heard by audiences in many parts of the country and is said to be a masterpiece. The National Reform association is the same organization which brought Former Senator Cannon and Mrs. Shepperd here to speak on Mormonism.

CLEMENCY IS SOUGHT

A petition for clemency in the case of Burt C. Stevens, who was sentenced to serve a term of twenty-one years in the state prison after pleading guilty to the charge of incest in the Rush circuit court, has been filed before the state board of pardons. The petition will be considered at the March meeting of the board next week.

The Fine Light Weight Franklin Car Eliminates These 177 Trouble Making Parts

AMERICAN motorists are well aware that the trend in automobiles is toward greater mechanical simplicity. For it is plain that you are bound to have less trouble, if your car has fewer parts that give trouble. No more striking illustration of this fact than the above picture could be found. It shows the 177 parts incident to water-cooling.

Why Complication Means Trouble

Aside from the mere waste of weight, this mass of unnecessary mechanism inevitably means work, worry and expense. It means the frequent annoyance—not to mention repairs—of leaky and frozen radiators, cracked water-jackets, clogged and leaking pipes—all the countless other winter-and-summer ills that water-cooling develops.

The Franklin—America's Standard Light Air Cooled Car—is entirely free from this needless trouble, for its Direct Air Cooling consists simply of a powerful turbine fan that applies a swift current of air direct to each cylinder and cools it, in winter and summer, in high or low altitudes, under any motoring conditions.

And motorists today are demanding a car that they can rely on—that is ready for use at all times. They are no longer tolerant of the car that must be coddled—that is in the repair shop just when you need it most, or frozen into uselessness whenever the mercury drops.

The Franklin is ready for use at all times—it does minimize trouble and repairs; and over and above that, the elimination of this and other unnecessary weight enables it to attain a high degree of motoring economy.

Unnecessary Parts Mean Weight and Waste

In the illustration above, the radiator weighs 75 pounds. This and the pile of superfluous metal with the 48 pounds of water it requires and the heavier supports, constitute a dragging burden of unnecessary weight and unnecessary weight is the great barrier to motoring economy.

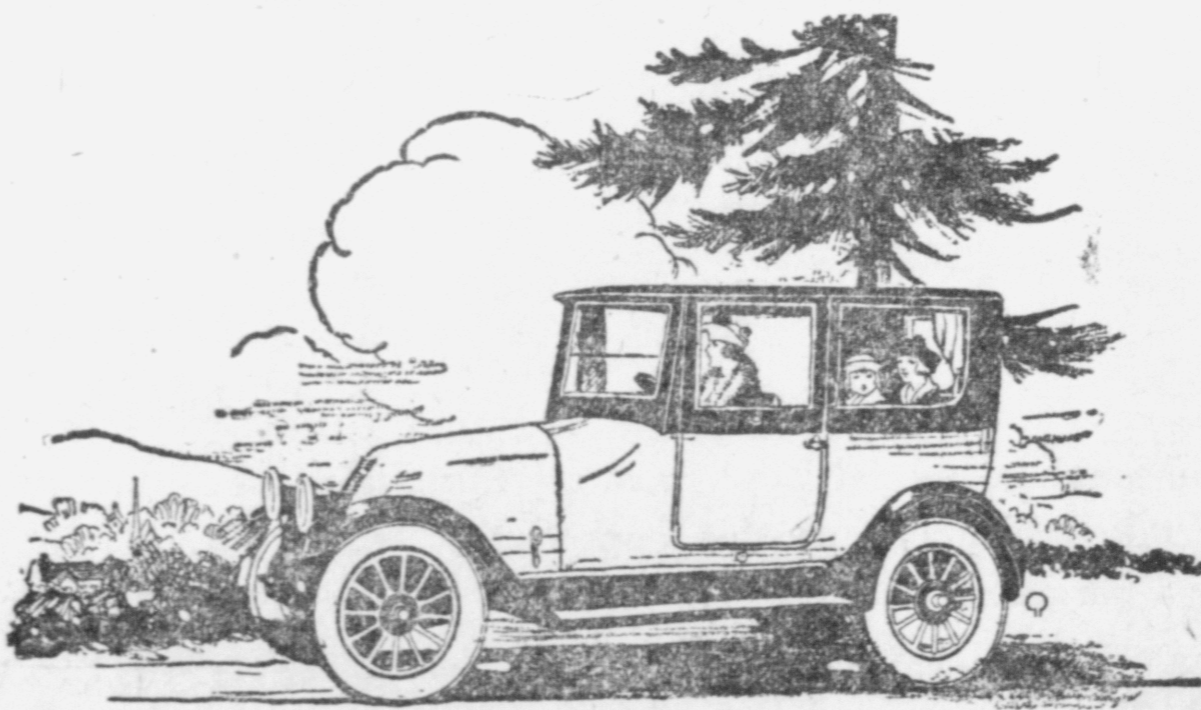

Freed from this burden, the Franklin gives a steady, day-by-day delivery to owners of

20 miles to the gallon of gasoline
—instead of the usual 10
10,000 miles to the set of tires
—instead of the usual 5,000

These Franklin facts are at your disposal at any time. Ask for them; and investigate Franklin Direct Air Cooling, Light Weight and Flexibility. Learn why these principles mean more motoring and better motoring for you.

And you will understand at once why the Franklin delivers, not only an economy far and away beyond anything in the fine car class, but also a motoring service that asks no odds of the calendar—that on the contrary, guarantees you motoring satisfaction 365 days in the year.

DELCO-LIGHT Increases Farm Efficiency

1. **Saves time and labor**—Work formerly done under poor light and by hand can be done better and in less time with the aid of electric light and power.
2. **Labor is attracted to the farm**—The "back to the farm" movement is made practical when the conveniences afforded by electric light and power can be had in the country.
3. **Keeps the boys and girls on the farm**—Electric service on the farm offsets city attractions. Valuable labor and valuable young manhood and womanhood are saved to the country community.
4. **Solves the retired farmer problem**—Electric light and power make the farm home so attractive and comfortable that the farmer and his wife remain on the farm where their advice, experience, and immediate interests are of great practical value.
5. **Lightens burden of the housewife**—Increased farm work in war times means increased labor for the housewife. Electricity offers the only practical means of taking the drudgery of household tasks from her shoulders.

Delco-Light is a compact electric plant for farms or country homes. Self-cranking. Air-cooled. Thick plate, long-lived battery. Ball bearings. No belts. RUNS ON KEROSENE

FARMLANDS FOR SOLDIER PLANNED

Farms in the Central Northwest for Returning Fighters are Waiting on Congress.

STATES TRY TO MAKE PLANS

Minnesota Has Taken the First Step in Seeking Solution of Land Problem.

(By United Press.)

St. Paul, Minn., Mar. 20.—Farms for returning sailors and soldiers in the Central Northwest are largely waiting on Congress. In the absence of any unfilled plan to utilize the vast amount of unfilled land in the nation, the state legislatures in this section have been trying to formulate limited schemes for land utilization.

The states are waiting to see what the federal government will do—but northwest state legislatures will have adjourned until 1921 before congress can act.

Minnesota has taken the first step toward land settlement in consideration of Senator Leonard Nord's bill to create a state colonization commission, with power to license and govern colonization companies.

The only plan of settlement now in effective operation is a private enterprise headed by Benjamin F. Faust, of Eau Claire, Wis., who is a director of the St. Paul Federal Land Bank. Faust has been colonizing northern Wisconsin successfully for eighteen years and is the first colonizer to inaugurate farm colonies with churches, stores, schools and community centers already provided.

The "Minnesota Plan," of which Senator Nord is the author is based upon the system worked by Faust, but also embodying a plan outlined by E. G. Quamme, president of the St. Paul Federal Land Bank, that for the first time would permit colonizing, not only "back woods" country, but the already settled communities of southern Minnesota.

The Nord bill would eliminate "land autocracy," which often has resulted in stagnation of high grade producing land by its lying idle or producing only a small percentage of capacity. It would enable the man of moderate means to pick his farm anywhere in the state and have a colonization company purchase and improve it for him. Under the plan of payment, his expense would be small, the first four or five years and he would have 35 years or more to pay for the farm. The colonization companies being licensed by the state would be under strict regulation. State appraisers would report on the land, assuring the farmer of its condition. The colonization company could issue bonds up to within 75 percent of the value of the land and these bonds would be endorsed by the state.

Bills similar to the Nord bill in Minnesota have been introduced in the Wisconsin and Michigan legislatures.

The home builders' bill is the only settlement plan now before the North Dakota solons and provides that upon deposit of 20 percent of the value of the project, a man may engage in farm industry, fully equipped, under contract to pay up within twenty years.

Many plans have been discussed

Oldsmobile Stabilized Prices

The revised prices on Oldsmobiles recently announced, make the Oldsmobile the most attractive investment today, among cars of unquestioned merit.

We repeat these stabilized prices, suggesting that you purchase now while we are able to make early delivery:

SIXES	
Model 37 Touring or Roadster	\$1295.00
Model 37 Sedan or Coupe	\$1895.00
EIGHTS	
Model 45A Touring Car	\$1700.00
Model 45A Pacemaker	\$1700.00

All prices F. O. B. Lansing, Michigan

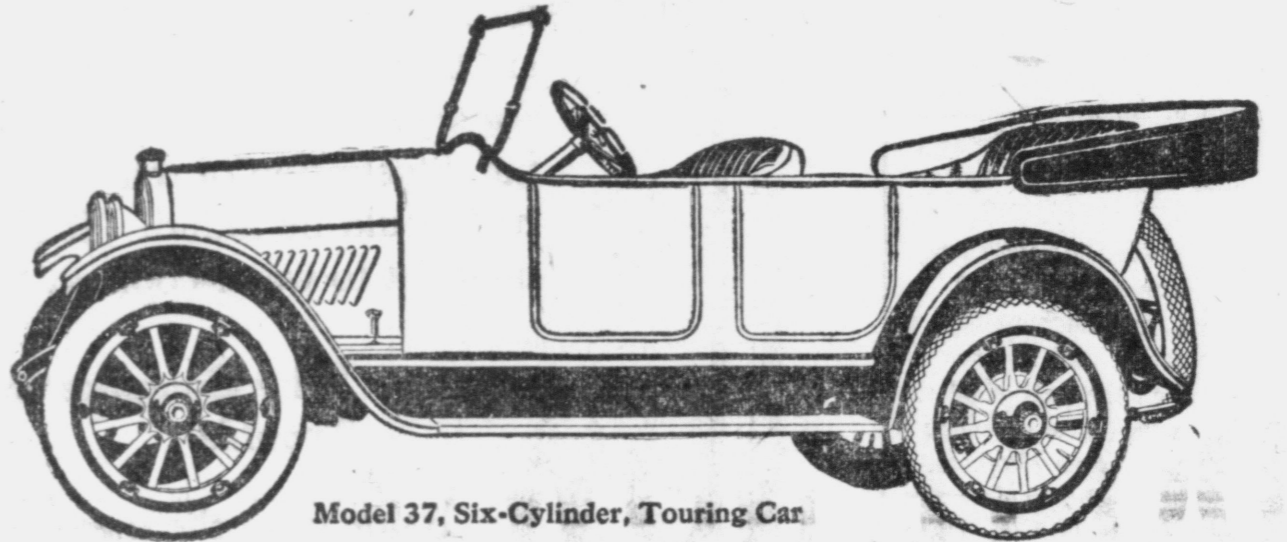

Power—Beauty: Whether your selection is a Six or an Eight, these qualities dominate, backed by economy of operation and maintenance, sound utility and a reputation of twenty-one years' standing.

The diversity of the line assures an Oldsmobile precisely suited to the needs of every purchaser.

We take both pleasure and pride in demonstrating these cars. Call or phone at your convenience.

The Oldsmobile will be on Display at the Automobile Show Thursday and Friday at the Modern Appliance Building

C. H. (Nick) Tompkins

Model 37, Six-Cylinder, Touring Car

in South Dakota and bills following the plan outlined to President Wilson by Secretary of the Interior Lane are under consideration in almost every northwestern state legislature. Action on these bills in several states has been prevented because of conflicting constitutional provisions. Rectification of constitutional deficiencies to adopt the Lane plan would require two years.

But the land is available. Millions of acres of cutover and swamp land available for tillage or stock raising in Minnesota, Michigan and Wisconsin are awaiting development. Secretary of the Interior Franklin K. Lane's recent survey showed Minnesota has 14,022,000 acres of stump land available for colonization and 5,832,308 acres of swamp land. Wisconsin is second in the United States in stump land, with 13,246,000 acres. The Badger state has 2,360,000 acres of swamp land available. Michigan has 11,686,000 acres of stump land and 2,947,439 acres of swamp land available, while in the United States there is a total of 228,509,000 acres of stump land and 79,005,022 acres of swamp land waiting to be developed.

DRAFT BOARDS FINISH WORK

Close Their Books in Compliance With General Orders

Indianapolis, Mar. 20.—Draft boards throughout Indiana were to close their books today and declare their work completed. This is in compliance with the general order issued by Provost Marshal General Crowder, which the state headquarters has forwarded to all draft boards in Indiana.

Major Robert Baltzell, state conscription executive, said today that his office will be closed March 31. He expressed satisfaction with the manner in which the work has been conducted in the state.

Under the auspices of the British Red Cross and Iberian-American hospital will be founded in London by funds raised in Chili.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

TEUTONS SPEAK OF ANOTHER STRUGGLE

There Has Been no Revolution in Germany—Just a New Form of Government Organized.

ACCEPT WILSON'S 14 POINTS

Foreign Officer's Policies and the Attitude of Its Individual Secretaries are Unchanged.

By FRANK TAYLOR
(U. P. Staff Correspondent.)

Berlin Feb. 26. (By Mail).—Three months' careful study of Germany following the signing of the armistice forces the conviction that neither war from without nor revolution from within has worked any psychological metamorphosis of Germany as a nation, or of Germans as individuals. Neither the strength nor the weaknesses of the German people evidences any transformation. The minds which accept and apply the terms of peace will differ but little from those which steered the successful course of the German empire up to August, 1914.

The revolution has changed the form of government. It has not changed the governed. The war has brought to Germany defeat, disaster and destitution. It has not brought despair nor humiliation. A half-dozen speakers at the National Assembly in Weimar voiced the general feeling of the people when they said in effect:

"We have not been defeated militarily. Hunger and the revolution forced us to quit. We accepted President Wilson's Fourteen Points and demobilized voluntarily, according to the provisions of the armistice."

The foreign office's policies and the attitude of its individual secretaries are unchanged; its personnel is practically the same as before the revolution, though the officials all profess to be democrats. Now they claim they opposed the war, especially employment of "frightfulness."

Count Bernstorff is considered by many well-informed Germans to be the man who is really running the foreign office, with his cousin, Count Brockdorff-Rantzau, chief in name only. The Germans feel that Brockdorff-Rantzau's speech outlining the nation's foreign policy marked a new era in diplomacy because he stated frankly what the Germans consider modest. These included retention of the German colonies, a plebiscite for Alsace-Lorraine, repatriation of German war prisoners and reparation for damages only.

Ostensibly, the censorship was removed with establishment of the present government. Yet priority of news dissemination is still preserved as an exclusive and monopolistic privilege of the Wolff Bureau, which was the semi-official propaganda agency under the old regime. Foreign newspaper correspondents' dispatches are held up six hours after the same information is obtained by Wolff. This guarantees to that organization the opportunity of giving the world its first, and therefore its strongest, impression of any internal German situation.

No German making the first pretense at frankness will attempt to create the impression that the disastrous results of 1914-1918 have created any deep-seated aversion to

militarism among the German people. Men and women, both in and out of government circles, talk very casually of another war of revenge against France if Alsace-Lorraine is taken from Germany. They refer to this possibility as though it is to be accepted by everyone as a logical matter of fact.

Imperialistic, even monarchistic, utterances during the National Assembly meetings have stirred up no opposition from the delegates, except the radicals. For instance, Count Posadowski, conservative leader, defended Bismarckism. He advocated re-establishing the old regime, which he called the most benevolent and advanced government in the world. The delegates, save for a few radicals, listened blandly while Posadowski declared that a monarchy is the best form of government.

In addition to the Wolff Bureau's influence on foreign propaganda there is now a new government department which is daily furnishing the people with inspired opinion through the press. The theme of this propaganda is: "There has been no revolution in Germany—just a new form of government." With the exception of government organs, the press refuses to take the National Assembly very seriously.

A number of younger employees who joined the government through idealistic motives are switching to the radicals, believing that a real revolution is coming when the industrial workers and soldiers' councils decide that their expectations are not to be fulfilled. These elements are thoroughly organized and refuse to relinquish an iota of their power, though a representative republic has been established, because they apparently mistrust the motives of the coalition leaders.

The situation in Germany, without doubt, is critical as regards food, industry and finance, but this does not seem to have effected any radical change in the psychology of the general public. Public opinion throughout the country does not fix the guilt for the war upon Germany, nor upon the ousted ruling class. It does not acknowledge German defeat. Germans believe they are in their present position because—as their propaganda tells them—their idealism led them to lay down their arms and trust Wilson.

HUSBAND AND WIFE DIE

Petersburg, Ind., Mar. 20.—Mrs. Oraline Young died of influenza last night. Her husband, Bert Young, died of the same malady last Sunday. Their 5-year-old daughter is critically ill of the disease.

Thursday Auto Show Friday

We congratulate our Auto Dealers upon their first united show of our history. It can not fail to be an event of actual value to our fair City and County.

Advanced methods of both farming and merchandising require the use of a vast number of gas driven machines to insure the superlative degree of success. The wise will see, hear, and know all he can of this indispensable subject.

Without any idea of exaggeration or over-rating—because of the larger number of persons that are affected by our service—we consider it vastly more important that a like knowledge be acquired of our own preparation for your needs in our three departments — Dry Goods and Accessories—Ladies' and Misses' Read-to-Wear, Floor Coverings — Draperies — Shades — Kirsch Rods.

We invite you to attend this worth-while event, and should our business place be found convenient, make it your headquarters. And in any way that we may be able to serve you, it will be done, as is our custom, the best we know.

Bad Teeth Often Cause Rheumatism

So Says James H. Allen, Who Drove Out Rheumatic Poison After Being Grippled For Years

SAYS IT'S EASY WHEN YOU HAVE THE RIGHT MEDICINE

Take my prescription, which all first-class druggists dispense under the name Allenhu, says James H. Allen. In two days it will start to drive the poisonous uric acid from your joints and muscles, and free you from all rheumatic pain and agony and reduce swollen joints.

Rheumatic poison often gets into the system through decayed teeth, and in consequence people who desire to avoid rheumatism in years to come should have bad teeth attended to at once.

Wear warm clothes, get out in the fresh air and sunshine whenever possible; keep the body clean, drink plenty of pure water, don't overload the stomach, and avoid alcohol, even in its mildest form.

These are precautions worth heeding, but to banish all signs and traces of rheumatism and do it quickly, hundreds of well people, once full of rheumatism, will freely urge you to get a bottle of Allenhu at once.

The blessed relief this marvelous prescription quickly gives has made for it thousands of friends. It is Mr. Allen's own discovery; it made him strong and well after rheumatism had crippled him and made him unfit for work. It is guaranteed. —(Adv.)

REHABILITATION SOLDIERS TASK

Delegates From all Allied Countries are Working to Solve This Great Problem.

IN CONFERENCE AT NEW YORK

Under the Auspices of the Red Cross Institute for the Crippled and Blind is Held.

(By United Press.)

New York, Mar. 20.—Delegates here today from all the allied countries are giving serious consideration to the rehabilitation of disabled soldier and sailors who had a part in the great war.

The conference, which will last until March 22, is under the auspices of the Red Cross Institute for Crippled and Disabled Men and the Red Cross Institute for the Blind.

Some of the best known men in the field of rehabilitation delivered addresses and outlined plans for the care of the disabled. Among these was Dr. Maurice Bourillon, president of the Permanent International Committee on War Cripples; Edmund Drouart, director of the School of Re-Education for Maimed Soldiers, at Montpellier, France, and many others.

Belgium, England, Canada and other countries were represented at the meetings by experienced workers, and the Federal Board for Vocational

Education was represented by Dr. C. A. Prosser, James P. Monroe and Arthur E. Holder.

A wide range of subjects were discussed, including a national program of rehabilitation, the American program of compensation and functional restoration.

The American delegates listened with keen interest to the details of the rehabilitation work as carried on in Europe. As a result of the conference great impetus was given the movement here to care for the disabled.

The interests of employers in rehabilitation work were also discussed at some length.

MUCH IN HOW YOU HANDLE GARDEN TOOLS

There is a right and a wrong way to hold a rake. The picture shows the right way.

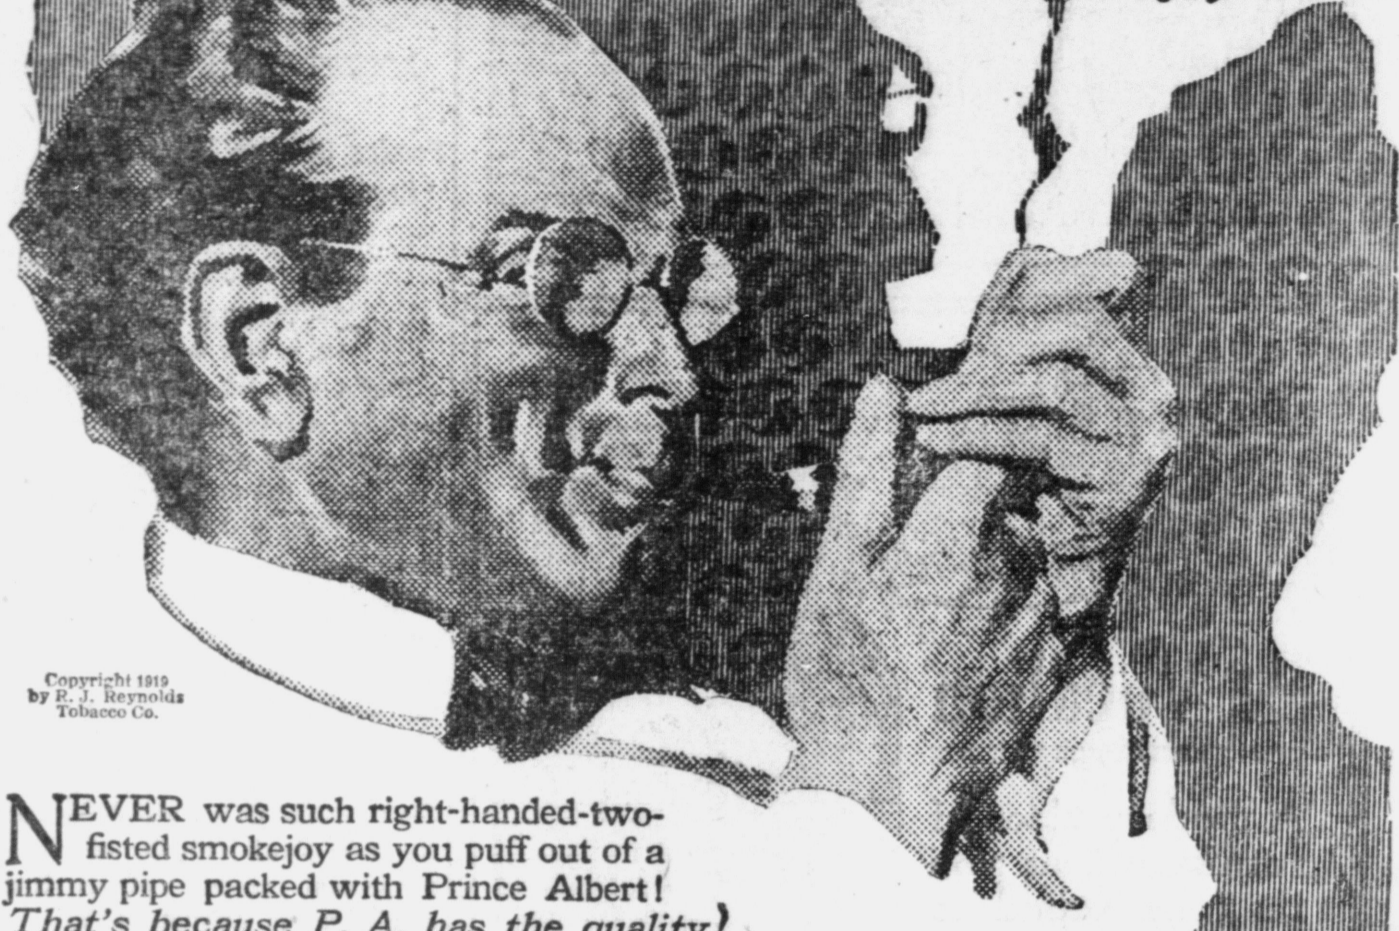

If this boy gardener had put his left hand farther up the handle of the rake, or had stooped over too far, or hadn't put the required distance between his feet, he would lose a whole lot in wasted energy. He learned the right attitude by practice and anyone can do the same.

This applies also to the handling of hoes, cultivators and other garden tools. Garden specialists of the United States Department of Agriculture say it is well worth while to learn the right way.

PRINCE ALBERT

the national joy smoke

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Tippy red bags, tidy red tins, handsome pound and half-pound tin humidors—and that classy, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

WOMEN ARE A SUCCESS AS WAR TIME WORKERS

English Women Have Won a Place for Themselves in the Industries of Their Country.

PERMANENT LABOR FACTOR

(By United Press.)

London, Mar. 1. (By Mail.)—English women have definitely won a place for themselves in industry as a result of their showing during the war, according to a report issued by the Home Office.

"They 'made good' in a majority of the industries in which they substituted for the men.

Women must hereafter be considered a permanent factor in the English labor situation.

Industries in which women had the most conspicuous success were clothing and boot and shoe manufacturers, lines in which they had already been employed to a limited extent. Here they have shown capacity to carry out completely and satisfactorily many of the more skilled processes hitherto reserved for men.

The Home Office pointed out that while woman could not hope to compete permanently with men in many of the heavier manual trades, the war has shown that "in light, semi-skilled work her value is frequently equal, and where operations called for fineness of touch and deftness of handling, women are preferable to men."

In trades in which they were engaged in repetition work by machinery employers found the women took more kindly to the work than men. Many shops actually effected an increased output as a result of the substitution of women.

The report mentions that in certain trades the women have been hampered by the passive or open opposition of the men.

The United States Department of Agriculture has a book on gardening which is yours for the asking.

Would Keep Scars of War.
London, Mar. 6. (By Mail.)—London is proud of its war scars.
It has been suggested that commemorative tablets should be placed on the spots where bombs fell in London, with a record of the date and other data concerning the event.

IN MEMORIAM

In loving remembrance of Harry Kemple who died two years ago, Mar. 21, 1917.
A precious one from us has gone,
A voice we loved is stilled,
A place is vacant in our home
Which never can be filled.
Call not back the dear departed
Anchored safe where storms are o'er
On the border land we left him,
Soon to meet and part no more,
We shall find our missing loved one
In our Father's mansion fair.
611 PARENTS, WIFE AND SON.

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS
A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.
World's Grandest Health Builder
Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.
It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.
The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.
If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.
It costs but little and you can get an original package at any druggist anywhere.
Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.
Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powd. Ben-tan; Phenolphthalein; Oleoresin Capsicum; Kolo.

The Automobile Show

People in towns and in the surrounding country near Rushville will find this store offers the current attractions of any of the larger City stores. We are proud of Rushville, and we intend that the people of Rush and surrounding Counties shall find here the very things they might look for far away.

**We Are In Close Touch
With All Markets**

A style thought is scarcely evolved before we know of it and orders are filed. Residents of Rush county and towns outside of the County convenient to Rushville by Traction or trains will find it pays to visit our store instead of making longer and costlier trips—or sending far away—for the doubtful pleasure of paying a higher price for identical things, whether garments or other goods.

American Red Cross Cables From Europe Urge
Immediate Relief

For Hundreds of Thousands Abroad Who Are in Need of Clothing

Millions of garments are needed to clothe destitute people in countries that have borne the burden of the world struggle for liberty. Millions must be gathered to prevent even worse conditions than already exist. Money, if possessed in plenty would not buy the garments to put on the backs of these people because the war has left the storehouses empty and material to make into articles to wear can not be had except as it is supplied from those who have it to spare.

This is the appeal that comes from the representatives of the American Red Cross in the devastated countries of Europe.

The Red Cross must meet these appeals as it has all others and show that the millions who make up the organization in America, are still of the same spirit when emergency calls.

Every kind of garment for all ages and both sexes is urgently needed. It is equally important that the chapters avoid the collection of garments which are utterly useless for relief purposes.

Garments need not be in perfect condition,

BUT MUST BE CLEAN

ORGANIZATION FOR VICTORY LOAN DRIVE IS COMPLETED

Rush County Ready Literally to Roll
up Sleeves and Begin Final
Bond Campaign

WORKERS TO GO TO CHICAGO

Local Committee Will be Represented
by Four and Possibly Others
at Conference

QUOTA TO BE NEAR MILLION

County Subscribes \$3,450.00 in
First Four Loans—Co-Oper-
ation to Get Results

With a complete organization formed, Rush county today stood on the threshold of the last Liberty Loan campaign. Earl H. Payne, county chairman, consulting with other members of the local committee, has organized the county down to the townships.

The departure tonight of county loan workers for Chicago to attend the seventh federal reserve district conference, actually marks the beginning of the campaign to sell the Victory issue here, because from this time on the organization will be at work preparing for the drive, during which time, the people of Rush county will be called on to take approximately \$1,000,000 worth of bonds of the fifth issue.

The organization which has been perfected for the campaign is regarded as the best that ever rolled up its sleeves and went to work on a patriotic project. No single phase apparently has been overlooked in preparing for the campaign.

"Rush county has subscribed," said Mr. Payne today, "to \$3,450,000 worth of Liberty Bonds of the First, Second, Third and Fourth Liberty Bond Loans, and now with the co-operation of the citizens of Rush county, the allotment of the Fifth Victory Liberty Loan of about \$1,000,000 will undoubtedly be bought."

"When the campaign opens, let everyone be interested and everyone help to sell the short time notes that will be issued by our government, and which will earn a good rate of interest. If everyone helps this large sum allotted to Rush county soon will be subscribed and Rush county again will have fulfilled her duty to her country."

Mr. Payne, together with Judge Will M. Sparks, Rushville city director; T. M. Green, county director; Theodore Heeb, secretary of the county committee, and possibly other county workers, will leave tonight for Chicago to attend the district conference. It will open at eleven o'clock in the morning, followed by a luncheon at the Hotel LaSalle and state conferences in the afternoon. There will be a banquet at 6:30 in the evening at which Carter Glass, secretary of the treasury, will speak.

County Committee

The county committee is composed of the following:
Earl H. Payne, chairman - Rushville
W. Stiers, vice-chairman - "
T. L. Heeb, secretary - "
L. M. Sexton, treasurer - "
L. Link, director of sales - "
T. M. Green, Co. director - "

THIRTY-TWO CARS ON EXHIBIT AT THE SHOW

First Co-operative Automobile Dis-
play Opens Today and Will
Continue All Day Tomorrow

LARGE CROWD IS ATTENDING

A large crowd gathered for the
automobile show today which from
all indications promises to be a
great success. Thirty-two cars are
being shown, each dealer showing
three models, with the exception of
two. The Franklin jazz band ar-
rived at noon and all through the
afternoon the crowd enjoyed the
music furnished by them. The
streets between the main part of
the city were crowded with comers
and goers form the show. This is
the first co-operative automobile
show ever held in Rush county and
the dealers are more than pleased
with the prospects. Demonstrations
were being given all day and from
the prospects there will be several
new automobile owners in this coun-
ty by the close of the show tomor-
row night.

The different dealers and the cars
exhibited are given herewith: Knecht
and Gartin—Buick 6, touring, Chev-
rolet 6, touring, and Chevrolet 4,
touring; Jones and Johnson—Over-
land 6, touring, Overland 4, road-
ster and Willys-Knight touring; Ray
Keys—Ford touring, Coupe and Sed-
an; Ollie Brown, Moore 30, five
passenger; O. F. Bussard—Reo 6,
seven passenger and Reo truck;
Oneal Brothers—Maxwell coupe,
Chandler seven passenger and Stu-
debaker 6, 1920 model; Rushville
Auto company—Grant 6, Nash 6 and
Nash three-ton truck; Charles Cald-
well—Ezer 6; Nick Tompkins—
Oldsmobile 8, seven passenger, five
passenger and four passenger club-
ster; George Alexander—Chalmers,
five passenger, Sedan and Oakland
six; Joe Clark, Hupmobile coupe,
Hupmobile seven passenger touring,
Franklin touring, Dodge touring
and roadster.

APPEAL FOR USED GARMENTS

Red Cross Shows Necessity of Mak-
ing Donations Next Week

The need for clothing is so great
in Europe that Rush county people
are very urgently requested by local
Red Cross officials to make a thor-
ough search for garments to donate
during the campaign for used cloth-
ing next week. The court house as-
sembly room will be the receiving
station. Each garment given will
prevent actual suffering, it is stated,
for refugees have been in rags and
almost destitute for years. It is
not possible to make clothing, as in
most countries material is lacking.

TAKEN TO HARRISBURG, ILL. FOR BURIAL TODAY

Body of Mrs. Sarah Grace Released
by Coroner When he Practically
Concludes Inquest.

NO MORE LIGHT ON TRAGEDY

The body of Mrs. Sarah Grace,
who was found dead in her home in
Milroy last Sunday morning under
mysterious circumstances, was taken
to Harrisburg, Ill., today for burial
by the husband, Joshua Grace, and
son, Paul Grace, of Chicago. Short
funeral services were held this
morning at the E. O. Anderson un-
dertaking establishment in Milroy,
conducted by the Rev. E. A. Robert-
son of the Milroy M. E. church.

All the evidence having practically
been taken by county coroner, Dr.
John M. Lee, the body was released
so that it could be removed to the
old home of the family. Dr. Lee
said today that he might take the
testimony of one more witness be-
fore closing the inquest, but that he
would not file a verdict for a few
days.

The elder Mr. Grace gave his tes-
timony to the coroner yesterday af-
ternoon, but failed to throw any
more light on the tragedy. He de-
clared he was not awake during the
night, but that he was up after hav-
ing retired, before he went to sleep,
because his wife was sick.

PARKING LINES IN CITY ARE REPAINTED

Mayor Also Calls Attention to
Muffler Law Which Was Passed
by The Legislature.

GREENSBURG MEN EXCUSED.

The parking lines are being re-
marked with white paint in order
that they may be plainly seen and
the authorities hope that it will not
be necessary to have any trou-
ble. No parking in front of fire hydrants
is allowed and these spaces are pro-
perly marked in order that all can
see them.

The mayor also requests, since
the open muffler law will be in effect
in the near future, that all who have
their machines equipped with muff-
lers keep them closed while in the
city and those whose machines are
not equipped with mufflers, have
them put on at once, for he warn-
ed that this is one law that will be en-
forced more strictly than any other.
Heretofore this was only a city or-
dinance but it has recently been
made a state law.

Two Greensburg men were ar-
rested by the city firemen last night for
turning in the street in front of the
fire station. They pleaded guilty to
the charge in police court but were
not fined by the mayor because they
were strangers and not acquainted
with the city ordinance. Ignorance
will not excuse anyone hereafter
and drivers are informed that they
are to go to a street intersection be-
fore turning.

ONE OBSTACLE TO INCLUDING DRAFT

Prohibition of Racial Discrimination
as Amendment May Hold up
Immediate Agreement

IS BEING SOUGHT BY JAPAN

Committee Which Drew up Covenant
Will Hold First Meeting Since
Finishing Draft

(By United Press.)

Washington, Mar. 20.—Prohibi-
tion of racial discrimination as an
amendment of the league of nations
covenant sought by Japan, stands
out as the leading obstacle in the
path of immediate agreement on the
league draft for the peace treaty.

Paris, Mar. 20.—The supreme war
council has again ordered the Poles
and Ukrainians to cease fighting im-
mediately, it was announced today.

Paris, Mar. 20.—The Temps says
an agreement has been reached by
the allied governments to include the
league of nations in the preliminary
peace treaty with Germany.

Paris, Mar. 20.—The league of
nations covenant, as it will be in-
corporated in the preliminary peace
treaty, will be practically completed
Saturday, according to general be-
liefs today.

On Saturday the committee which
drew up the constitution will hold
its first meeting since the initial
draft was finished.

Suggestions from neutrals, re-
garding changes and amendments
were to be received today. Informal
talks will also be held by various
conferes in which the president and
Colonel House will represent the
United States.

The delegates have been going
over the clauses of the covenant with
a view to meeting the suggestions
and criticisms advanced by the
United States senate.

Some of the committees, having
completed their work on problems
to be incorporated in the prelimi-
nary treaty are now considering sub-
jects which will form a part of the
final settlement.

The commission on aerial prob-
lems has agreed to the general
principle of control for air naviga-
tion but has appointed three sub-
committees which will work out the
details. An important feature of
the commission's work is recognition
of absolute jurisdiction by each
state of the air above its territory
and territorial waters.

INDIANAPOLIS MAN FINED

Orion B. Ent Pays \$5 and Costs For
not Having License.

Orion B. Ent of Indianapolis, was
fined \$5 and costs in Mayor Irvin's
court this morning when he pleaded
guilty to operating a machine with-
out license in this city some time
ago. Mr. Ent promised the mayor
to send a check from his home in
Indianapolis to pay the fine but did
not do so, having declared he was
arrested for the same offense in In-
dianapolis. He promised to let the
mayor know if he had been fined in
Indianapolis. Several letters were
written to him but he did not reply.
Finally Prosecutor Stevens notified
Mr. Ent he would have to pay the
fine here which he did.

DRAFT LIST EXPRESSED

George B. Moore, Jr., clerk of the
county army selection board, today
shipped the county classification list
to the adjutant general's office in
Washington by express, in instruc-
tions received from Major Baizell,
state conscription agent. The other
draft records are crated and will be
sent by freight as soon as orders to
that effect are received.

AN INVASION OF GERMANY PLANNED

Bolshevik Movement is Timed to Co-
incide With French Uprisings
in Berlin and Austria

CABINET CRISIS IMPENDING

Council of War Plans Defense and
Von Hindenburg Directs Pre-
paration in East

(By United Press.)

Geneva, Mar. 20.—French troops
have occupied four cities in Central
Germany because of Spartan trou-
ble, it was reported here today.

Berne, Mar. 20.—Spartan are
beginning agitations for a new gen-
eral strike March 26, declaring that
"this time victory is certain," a
Berlin dispatch reported today.

Berlin, Mar. 20.—A Bolshevik in-
vasion of Germany is being planned,
timed to coincide with fresh upris-
ings here and in Austria, a Berlin
paper declared today. Attempts will
be made to capture Vienna.

A cabinet crisis is impending ac-
cording to reports. Chancellor
Scheidemann's position is said to be
insecure.

London, March 20.—Bolshevik
forces were defeated in an attack
on the allied positions south of Ar-
changel, it was announced in offi-
cial dispatches received here today.

"The Bolsheviks in an attack 130
miles south of Archangel were re-
pulsed, leaving many dead and
wounded and six machine guns in
our hands," said one dispatch dated
March 15.

Copenhagen, Mar. 20.—Germany
is bending every effort to resist the
threatened Bolshevik invasion.

Following actions of military pre-
parations, a council of war has
been called to draw up plans for
the defense campaign, a dispatch

CHARLES H. LYONS IS DEAD AT KNIGHTSTOWN

Former County Commissioner Ex-
pires of Paralysis and Funeral
Will be Held Tomorrow.

WIDOW AND 3 CHILDREN LEFT

Charles H. Lyons, age 65, former
Rush county commissioner and for-
mer city councilman at Knightstown,
died yesterday evening at 4 o'clock
at his home in Knightstown of par-
alysis, and the funeral will be held
at the residence tomorrow after-
noon at 1:30 o'clock. Burial will
take place in Glencoe cemetery at
Knightstown.

Mr. Lyons suffered a stroke three
years ago, which marked the begin-
ning of his decline in health. He
was the son of Elijah and Amanda
Lyons and was born in Noble town-
ship August 11, 1853. After his
marriage Jan. 16, 1883 to Florence
A. Downey, he lived in Center town-
ship until several years ago when he
retired and moved to Knightstown.
Mr. Lyons was elected a member of
the Knightstown council after re-
moving there but resigned after suf-
fering the first stroke of paralysis.

Besides the widow and his moth-
er, who lives here with her daugh-
ter, Mrs. Tom Humes, Mr. Lyons is
survived by one son, Lieut. Blaine
Lyons of the ordnance department,
St. Louis; two daughters, Mrs. John
A. Titsworth of this city, and Mrs.
Frank Huber of Center township;
three sisters, Mrs. Humes and Mrs.
George Harrell of this city and Mrs.
Lon Arbuckle of Manilla, and two
brothers, Ed Lyons of this city and
John W. Lyons of North Manchester.

LOCAL DELEGATION MAY GO TO MEETING

Plans Being Considered Today For
Special Train to Richmond for
Republican Gathering.

SENATOR WATSON TO SPEAK

Will Address Workers Afternoon of
April 2 and Discuss League of
Nations at Night.

Richmond will be the mecca for
thousands of republicans of the sixth
congressional district of Indiana on
April 2 when Senator James E. Wat-
son will address a conference of re-
publican workers, assembled from
every county in the district, in the
afternoon, and will discuss for the
first time before an Indiana audience
the proposed League of Nations in
the evening at a public meeting to be
held in the Richmond coliseum.

Plans were being discussed here
today for arranging for a delegation
of Rush county republicans to at-
tend the meeting. It is possible that
a special train will be procured to
bring the crowd back from Rich-
mond the night of April 2, providing
there are enough people in the coun-
ty who care to go. The local pas-
senger has taken the matter up with
the federal railroad administration
to see if it is possible to get a spe-
cial. It would be possible to go to
Richmond in the morning or in the
evening at 6:35, which train would
arrive at Richmond at 8 o'clock, in
time for the night meeting.

A. L. Riggs, Robert E. Mansfield
and Judge Will M. Sparks have been
appointed as members of the com-
mittee from this county to make ar-
rangements for a local delegation to
attend the meeting, according to a
dispatch from Richmond received by
the Daily Republican today.

In discussing the question today,
many republicans expressed the be-
lief that enough people could be
found to make a guarantee for a
special train, providing the railroad
administration will permit one to be
run. It was pointed out that doubt-
less many women would attend be-
cause women are expected to take a
deeper interest in politics in Indiana
next year because the last legisla-
ture passed a law giving them the
right to vote for president.

Continuing, the dispatch from
Richmond says:

Senator Watson is regarded as one
of the most brilliant orators in
American public life and he is now
being prominently mentioned for the
republican presidential nomination
in 1920. Moreover Senator Watson
is a resident of the sixth district and
is the particular pride of the repub-
lican voters of the district. Rich-
mond republicans are making ar-
rangements to entertain the largest
crowd ever assembled in the city for
a public meeting.

The Richmond executive commit-
tee in charge of arrangements for
the Watson meeting is composed of
E. M. Campfield, Karl K. Meyers,
Will W. Reller, Linus P. Meredith
and Ray K. Shiveley.

Ed C. Paul of Cambridge City has
been selected to preside as chairman
at the Watson meeting. The Repub-
lican conference will be held at the
Wayne county court house in the
afternoon and following the busi-
ness session the party workers will
be addressed by Senator Watson.

FINALLY DISCHARGED

Frank Hutson has been finally
discharged in circuit court on re-
commendation of the warden of the
state prisoner. He was sentenced to
a term of one to eight years March
16, 1918, on a charge of receiving
stolen goods. It was alleged he ac-
cepted corn which some boys had
stolen. His sentence was suspended.

RECOGNIZE NEW NATION

Berne, Mar. 20.—The Swiss fed-
eral council has recognized the new
Serbian-Croatian-Slovene nation.

THE GREATEST LINIMENT OF THEM ALL

FAMOUS 20TH CENTURY LINIMENT GUARANTEED BY ALL
GOOD DRUGGISTS

Its Use Advised in All Cases of
Rheumatism, Lumbago, Sciatica
and Neuritis

The shooting, tearing pains of
Neuralgia, Sciatic and Lumbago are
speedily relieved, while headache,
Toothache and Earache simply flee.
Heavy colds and sore throats that
threaten pneumonia and tonsillitis
may be cured in a single night—and
not only is 20 Century Liniment the
relief needed in such cases as this,
but in practically any painful con-
dition.

There's nothing injurious in 20
Century Liniment. It contains such
well known remedies as Camphor,
Menthol, Iodine (in non-colorable
form) and many other ingredients
prescribed by the highest medical

authorities in the land, things that
bring soothing relief and real joy to
sore and aching muscles.

20th Century Liniment besides be-
ing so marvelously antiseptic that it
at once destroys germs and poisons
caused by germs, is such a remark-
able healing agent that eczema, bar-
ber's itch, salt rheum and other in-
flammatory skin eruptions go in a
few days.

For years it has been used to
heal boils, carbuncles, ulcers, ab-
cesses and open sores, and with
the most perfect success.

Step into the nearest drug store
or stop on your way home at any
drug store and get a bottle. If re-
sults are what you want make an
effort to get it. But be sure you get
20th Century Liniment.—(Adv.)

LOCAL LODGEMEN ATTEND

More Than Two Dozen at District
Meeting of J. O. U. A. M.

More than two dozen local mem-
bers of the Junior Order United Am-
erican Mechanics attended the dis-
trict meeting in Newcastle yester-
day and men from here were in the
large class which was initiated. The
next district meeting may be held
here, although the date is not yet
fixed. Addresses were delivered by
Mayor George Elliott of Newcastle,
John S. Hart of Union City and
George Unger of Marion. Reports
showed a gain of 400,000 members
in the United States last year and
an increase of 200 in Indiana. The
J. O. U. A. M. is a fraternal, patri-
otic organization which was founded
in 1776.

Be a Joy-Walker, "Gets-It" for Corns

2 Drops, 2 Seconds—Corns Are Doomed!

When you almost die with your
shoes on and corns make you almost
sideways to get away from the
pain, take a vacation for a min-
ute or two and apply 2 or 3 drops

"My Corns Peel Clean Off With 'Gets-It'"
of the world's magic and only gen-
uine corn-peeler, "Gets-It." Then,
and then only, will you be sure that
your corn will loosen from your toe
so that you can peel it right off
gloriously easy with your fingers.
Take no chances of continued pain
and soreness—why use greasy, irri-
tating salves, plasters that shift
and press into the "quick," razors
and "diggers" that make corns bleed
and also grow faster? Use painless,
easy, always sure "Gets-It." There's
only one like it in the world—that's
"Gets-It." Millions have tried and
O. K'd it for years. It never fails.
"Gets-It," the guaranteed money-
back corn-remover, the only sure
cure, costs but a trifle at any drug store.
Sold by E. Lawrence & Co., Chicago, Ill.

STOCKMEN GATHERED FOR LIVESTOCK RALLY

To Consider The Part Livestock is
to Play in the Readjustment
Period

MANY STATES REPRESENTED

(By United Press.)
Indianapolis, Ind., Mar. 20.—Ap-
proximately 4,000 stockmen and
farmers from Indiana and sur-
rounding states gathered here today
for a livestock rally called by Gov-
ernor James P. Goodrich to consid-
er the part livestock is to play in
the readjustment period. The meet-
ing is designed to plan an increase
of the quantity and improve the
quality of the livestock produced in
Indiana.

Representatives from a score of
states and from every livestock ex-
change in the Central West were
here, besides large delegations from
every county in Indiana. A number
of delegations came here on special
trains or cars.

The program opened this morning
in Tomlinson Hall with an address
of welcome by Governor James P.
Goodrich. He was followed by Gov-
ernor Frank O. Lowden, of Illinois,
and A. J. Glover, Ft. Atkinson, Wis.,
editor of Hoard's Dairyman. The
afternoon speakers were Dean J. H.
Skinner, of the Purdue University
of Agriculture, recognized perhaps
as the best-versed livestock man
connected with any university in
the United States, Prof. G. I. Chris-
tie, assistant secretary of agricul-
ture and W. E. House, Mondovi,
Wis., president of the Wisconsin
Livestock Breeders' Association.

Resolutions urging the discarding
of every scrub sire in all classes of
livestock were adopted. Another
set forth the advantages every far-
mer could obtain by the use of high-
er grade or pure-bred animals.

KILLED IN COAL MINE

Vincennes, Ind., Mar. 20.—Alfred
Thompson, age twenty-four, recent-
ly discharged from the army, was
killed in the Knox coal mine near
Bicknell yesterday in a collision.
Thompson was riding a motor and
did not notice that a cut of cars had
broken loose from a motor ahead.
James Jones jumped and saved his
life.

RECOGNIZES POLAND

Brussels, Mar. 20.—Belgium has
recognized the independence of Po-
land.

FENCE!

The cheapest fence in the long run is not the cheapest
in price. You get what seems a bargain in price and you
get wire that rusts, lock that slips, fence that breaks.
In a short time you need a new fence.

We guarantee our large assortment of fence to be of the
very best quality, and at a reasonable price. It will be
standing when other fences around you of the same
gauge wire are ready for the scrap heap.

COME AND SEE OUR FENCE BEFORE YOU BUY.

WANTS AMERICAN BUSINESS TO AID

France Seeks Its Assistance to Re-
store Devastated Regions to
Be Rebuilt

TASK WILL TAKE TEN YEARS

(By United Press.)
Paris, Mar. 20.—American bullets
helped save France and now she
wants American business to aid in
her restoration.

France desires intensive American
co-operation in putting the northern
district back on the map, Philippe
Chocarn, comptroller-general of the
liberated region stated today.

"It will take ten years to restore
northern France to its pre-war
state, working our hardest," said

Chocarn. "For five years we will
need all the assistance we can pos-
sibly get from the United States.

"We need machinery, building and
a vast amount of all sorts of ma-
terials. Entire towns, cities and vil-
lages must be rebuilt."

A machine has been invented to
wash large quantities of eggs rapid-
ly. ?

Stop Itching Skin

There is one safe, dependable treat-
ment that relieves itching torture and
skin irritation almost instantly and
that cleanses and soothes the skin.
Ask any druggist for a 35c or \$1 bottle
of Zemo and apply it as directed. Soon
you will find that irritations, pimples,
blackheads, eczema, blotches, ringworm
and similar skin troubles will disappear.
A little Zemo, the penetrating, satis-
fying liquid, is all that is needed, for it
banishes most skin eruptions, makes
the skin soft, smooth and healthy.

DON'T BUY Farm Implements

Until you investigate the firm that makes them. There are lots of implements offered for sale in Rush county this year that were made by firms now out of business, and you will have trouble getting repairs and every farmer knows what that means—DELAY and EXPENSE right when you want to use the machine. They may be a trifle cheaper now but they will be useless when you can't get repairs for them. If you buy an implement from me you can get repairs for them in a HUNDRED years from now, and I have more repairs in my store today than all the dealers in Rush county, and that proposition is for your convenience. See my line before you buy implements—Nothing out of date—Nothing shop worn—and Nothing but what you can always get repairs for. THAT'S WHAT YOU WANT and THAT'S WHAT I HAVE.

Home Store Service.

The service which the stores of
Rushville offer is not always fully
appreciated. It represents an
achievement far beyond what can be
created by any group of men.

It is linked up with a system of
world-wide distribution, built up
through years of effort of the bright-
est business minds.

Years ago the ordinary retail
store had no such command over the
world's resources. Today a system
has been organized by which any
store great or small, can draw at
once on central depots for anything
under the sun that it can pay for. It

is visited regularly by trained repre-
sentatives of these centers, who give
expert help in meeting the needs of
the public.

Thus any bright and progressive
store becomes an integral part of a
great system, in a position to offer
standardized service. It can provide
anything that the public wants, in an
intelligent way, and in so far as its
business is conducted on progress-
ive principles, for a reasonable
price.

In Case.

Before the end of the war the En-
glish had built and operated sub-
marines that carried twelve-inch
guns. All the tests applied to them
proved them capable of everything
that submarines had ever accom-
plished—and then some.

The submarine is a weapon which
England fears more than any other.
It is the greatest menace to the in-
tegrity of the British Empire. En-
gland wanted submarines tabooed at
the peace conference—which is just
what happened.

To insure a verdict that a certain
type of warfare is too horrible for
civilized nations a certain nation
equips itself to prosecute this hor-
rible type of warfare more horribly
than it has ever been prosecuted. To
prevent dirty tricks a nation shows
itself ready to be the dirtiest in the
crowd.

It seems slightly illogical—yet em-
inently practical. No nation is more
anxious for peace than ourselves,
but we shall insure it none the more
securely by proving ourselves inca-
pable of handing out rough stuff.

We are a little over-anxious about
our role of panoplied crusader in a
white surplice. The surplice will be
none the less white because of the
panoply, and if our record as a na-
tion is not good enough to guarantee
us against any charges of lust of
conquest, America has lived in vain.

Some of the newspapers object to
President Wilson's "defiant and dic-
tatorial attitude" while others object
to the Senate's "defiant and dictatorial
attitude". Can it be that all Amer-

Surgeon Major Will
Speak At Arlington

Surgeon Major Staton, who was
with the Canadian forces three
years in the front line trenches of
France and Flanders, will give an
address of absorbing interest at the
Christian church in Arlington next
Sunday evening at seven o'clock.

The major lost four sons and
three brothers in the war and was
wounded severely. He was cited five
times for bravery. Major Staton
has a tragic, touching and remark-
able experience to relate. His very
vivid and simple, sincere story is
said to be intensely interesting. The
major is declared to be a very mod-
est and a gracious Canadian, whose
address will have an appeal for ev-
eryone.

FUNERAL OF MARY SHOOK

Services for Wife of Robert Shook
Held at Manila Today.

The funeral services of Mrs.
Mary Shook, who died Tuesday ev-
ening of influenza at her home in
Manilla, were held this afternoon at
the Manilla M. E. church and burial
took place in the church cemetery.

Mrs. Shook was born in Manilla
and resided there all her life. She died
at the age of 57 years, 11 months
and 18 days. She was married to
Robert Shook Sept. 30, 1878, to
which union two children were born,
one of these, a son, Frank, surviv-
ing, together with the husband. She
was a member of the Manilla M. E.
church. The Rev. James L. Brown
had charge of the services.

NAMED TO COMMISSION

(By United Press.)
Indianapolis, Ind., Mar. 20.—Arch
Campbell, of Kendallville, today was

Willard STORAGE BATTERY SERVICE STATION

"It Was O. K."

Some day you may be saying that about your battery.

Of course you'll believe it.

Yet your battery may have been getting nearer and nearer to the failing point every day on account of trouble that you could have headed off weeks ago if you had only known.

You may have let the water get low.

You may have used more current than has been replaced.

You may have let a connection work loose.

But whatever you did, the weakness would have been uncovered by an inspection and a simple hydrometer test.

If you haven't a hydrometer and have never inspected your battery or made a test, come in and let us explain.

ANSWERS CRITICS OF CHRISTIAN LIFE

Evangelist Says Ananias Club Has
Nothing on Those Who Try to
Think up Excuses

DELEGATION COMING FRIDAY

Seats Will be Reserved For Con-
nersville People—M. E. Revival
Will Close Sunday

"The Ananias Club has nothing on some of you folks when you try to think up reasons for not taking up the Christian life," stated Evangelist Miller in his stirring sermon on "The Ananias Club of Rushville," at the St. Paul's M. E. church last evening. In an original and impressive way, the speaker told the various reason that persons give for not taking up the Christian life and in a very clear way, he answered the reasons.

Preceding the sermon, reports were given of the morning prayer meetings which have shown a steady increase in attendance. The Rev. and Mrs. Black sang a beautiful duet, "Why Not Say Yes Tonight?" which was particularly appropriate to the sermon. The Rev. J. T. Aiken of the First United Presbyterian church led in the opening prayer.

A delegation from Connersville will attend the service tomorrow evening and seats will be reserved for them. At that meeting, the evangelist will preach on "Knocking." The three weeks revival services will close with the Sunday services when a great day is expected. Decision Day for the Sunday School will be held in the morning.

"Now Lord what wait I for," was the text of the sermon last night. "This question comes from every direction—the question asking 'Why are you not a Christian?'" he began.

The speaker in the sermon said in part:

"This is the question that your friend and neighbors ask you. It is the question your mother asks you and that your wife asks you. How

THIS EXTRA WEAR SAVES YOU SHOE MONEY

"I find Neolin Soles superior in every way to other soles. They are flexible, tough and waterproof. In the future I shall buy nothing but Neolin-soled shoes."

A. G. Aldrich, of Springfield, Mass., who makes this statement tested Neolin Soles by having a pair of worn shoes re-soled with them. "They have already worn one month longer than the soles I used to wear," says Mr. Aldrich, "and will be good for at least three months more."

An easy way to try out Neolin Soles. Have them put on your worn shoes. See for yourself how long they last—and why they are a real economy.

Or, get them on new shoes, which come in many styles for every member of the family. Neolin Soles are made scientifically by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

You will Save Money On Your Heating System If You Contract Now!

The saving of from \$10 to \$15 on a Round Oak Pipeless Heating System recommends your immediate investigation. There are good business reasons why you can save this amount by contracting during this ten day campaign.

The heating system may be installed later if you wish. Every

contract carries with it assurance of the best possible installation, as well as personal supervision. It will be installed in accordance with blue prints supplied free by the Round Oak Engineering Department.

Remember, this offer is good only up to and including March 29—no longer.

We want you to know these interesting facts about the

Round Oak Pipeless Furnace

The Best Pipeless Furnace on the Market

It will heat your home year after year with a generous volume of pure, warm, moist, ever-changing air, free from dust, gas and smoke.

It will burn any and all fuels successfully and economically. It will hold the fire over night without re-charging, even in zero weather.

The System costs only one-fourth to one-third the price of steam or hot water, yet it responds more quickly. Its results are positive.

It may be easily and quickly installed and ready for service in less than twenty-four hours from the time it is delivered to your home.

The Round Oak Pipeless is a Clean System

The patented, improved, bolted and deep-jointed construction and its heavy castings mean no dust or dirt in your home.

We are positive it is the best built, most efficient, durable and satisfactory Pipeless Heating System on the market.

It is worth every cent you invest in its purchase. Its saving in fuel alone pays a liberal interest on the investment.

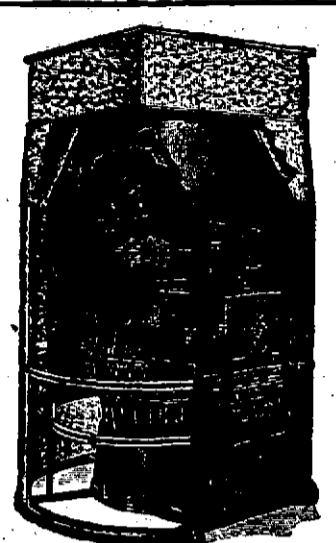

Valuable Heating Book Free

You should secure one of these free Round Oak Pipeless Books, 9x12, profusely illustrated, which proves all of these claims and describes the other distinctive advantages.

We Pay 3 Per Cent on Savings

We call your attention to the strong position of this Bank as shown by the above statement and solicited banking business

many of you men remember your promise to your wife when you married her and that when she gave you her hand you would give God your heart. Have you kept that promise? Or do you keep your face buried in the comic supplement of the Sunday paper when she is begging you to go to church with her?

"The God asks the question of you. Your inner conscience asks the question of you. Many of you say we are willing to give our money but not ourselves. God does not want your money—He wants you.

"How many excuses there are that people have to offer you when they are asked to become a Christian. One is that they are waiting for time to consider it. The only thing they have to consider is whether they would rather live a good life or a bad one; whether they would rather go to Heaven or to Hell. Would it take much time to consider that question?

"Another popular excuse is that they are waiting to get the right feeling before they become Christians. The gray matter ought to control the emotions of a man or woman and if you know it is right to become a Christian why wait to get what you call feeling. Feeling is not the main thing—I have seen folks cry and boo-hoo around in the church and then do things that would make the devil ashamed to meet them on the street. If you want to get feeling I'll tell you what to do—get busy and do something for God. Go right the wrongs you have committed and you will get into a spiritual perspiration as far as feeling is concerned. When I got converted, there were 14 fellows I had to go apologize to for the wrongs I had done them and they have been my friends ever since.

"Folks say I would be a hypocrite if I became a Christian before I felt like doing it. Do you suppose a doctor feels like going out in the night sometimes when he gets a call to a person that he knows does not need his attention? Do you suppose that a woman feels like getting up at six o'clock in the morning to get her husband's breakfast. If doing what

128 WEST SECOND STREET.

The Rebekah social will be held at the I. O. O. F. hall Monday evening March 24. All Odd Fellows and their families are welcome.

Mrs. David Stoops was hostess for the members of the War Mothers club yesterday afternoon at her home in North Morgan street. On account of the few members that were present only a brief business session was held, at which time it was suggested that all mothers who wished to continue to be members of the club be at the next meeting and those who did not wish to continue as members, to pay their dues and have their names taken off the secretary's book, as the list of members is to be revised. The remainder of the afternoon was spent socially.

Mrs. T. L. Endres was hostess for the Thursday Afternoon Bridge club at her home at the corner of Perkins and Seventh street yesterday afternoon. Mrs. George Endres of Bloomfield, who is visiting Mr. and Mrs. Endres, was a guest. A delectable luncheon was served at the close of the afternoon's playing.

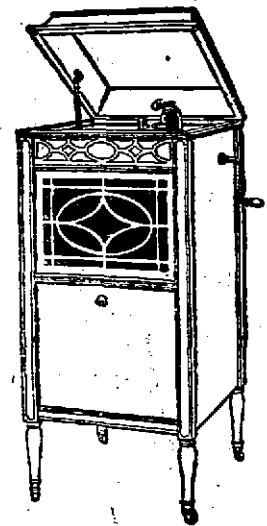

Mrs. A. T. Mahin delightfully entertained the members of the Wednesday Afternoon Sewing club yesterday afternoon at her home in North Morgan street. The afternoon was spent over the various needlework at the close of which a dainty luncheon was served by the hostess.

The members of the Rebekah Crochet club met at the home of Mrs. Joe Stevens yesterday afternoon in West First street. The afternoon was enjoyed by the guests crocheting and doing other needlework. Light refreshments were served at a late hour.

The Mahoning Council No. 36 will give a pitch-in supper tomorrow evening in the Red Men hall in West First street.

Members of the Woman's Missionary Society of the First United Presbyterian church were entertained yesterday afternoon at the home of Mrs. S. H. Traub in West Seventh street. Miss Maggie Littell conducted the devotional services and Mrs. J. T. Aiken gave an interesting talk on "Evidences of New Ideas and Purposes Among the Or-

iental Women," and Missionary opportunities. Mrs. H. H. Elliott had charge of the news items. There were seventeen members present at the meeting.

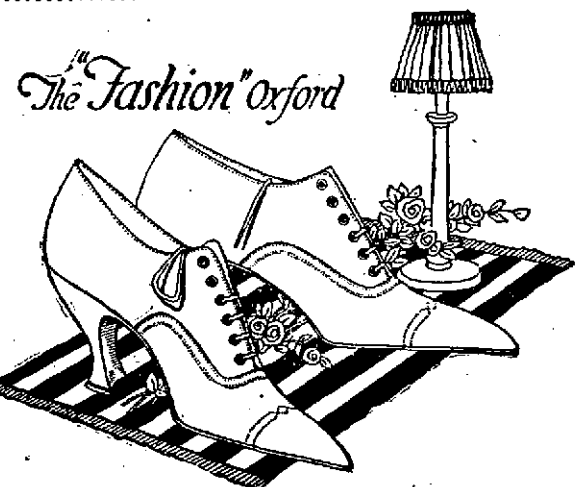

Miss Lola Caldwell, daughter of Mr. and Mrs. Charles Caldwell of near Raleigh, and Thomas Heck, son of Harry Heck of Henry county, were quietly married yesterday afternoon at 4:30 o'clock at the Main street Christian church parsonage by the Rev. L. E. Brown.

Mrs. Guy Mulbarger was hostess for the Thursday Afternoon bridge club this afternoon at her home in North Harrison street. The guests spent the afternoon over the two tables of bridge and a delicious luncheon was served at the close of the playing.

W. R. Cady's boys Sunday School of the Milroy Christian church gave a return supper last evening for the Victory Girls class in the basement of the church. The room was decorated in green and white streamers of crepe paper and the table where the delicious three course dinner was served was similarly decorated. The three waiters, which added much merriment to the evening, were dressed as girls with white middies and green skirts. The amusements for the evening were music and games and were enjoyed by thirty-seven young people.

The Band Workers of the First Presbyterian church were entertained yesterday afternoon at the home of Mrs. Bert Simpson in North Main Street. After the regular program and business session, the afternoon was spent socially.

Miss Alice Hartley, daughter of George Hartley of Belfontaine, Ohio, and Marion Detrick, Rush county agricultural agent, were married at the Lutheran parsonage in Belfontaine by the Rev. Charles E. Rice last Monday morning. The fact that they had been married did not become known until this morning when they arrived here. Mr. Detrick formerly lived in Belfontaine.

**STRONGER MEN
TAKE THE LEAD**

They Have Nerves of Iron and Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made, it is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription, Phosphated Iron, a real blood and nerve builder."

He also says, "Phosphated Iron feeds the blood cells with iron and nerve force, and that leading specialists are now using it successfully all over the country; that it is one of the few remedies that better class doctors can now depend on to produce results."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

Pittman & Wilson, Druggists, and leading Druggists everywhere.

at the Princess theatre tonight and tomorrow affords Wallace Reid one of the best roles of his screen career. In this picture he is a book agent who suddenly inherits forty millions of dollars and the entire course of his existence naturally is changed thereby.

It starts to live the life of a man of wealth but soon falls victim to the ennui which often overcomes the idol rich. Then follow a series of rapid fire adventures, involving a beautiful heroine whose father had been robbed by the book agent's uncles, and a chase after the millions after they have vanished suddenly. There are many notable scenes, one being the burning of an inn in which the heroine narrowly escape with their lives.

The story is in a light comedy vein throughout, and Mr. Reid is said to have his best light comedy role since "Believe Me Xantippe". Ora Carewe is leading woman playing Desiree Lane, and Tully Marshall is Wilkins, the absconding financial agent.

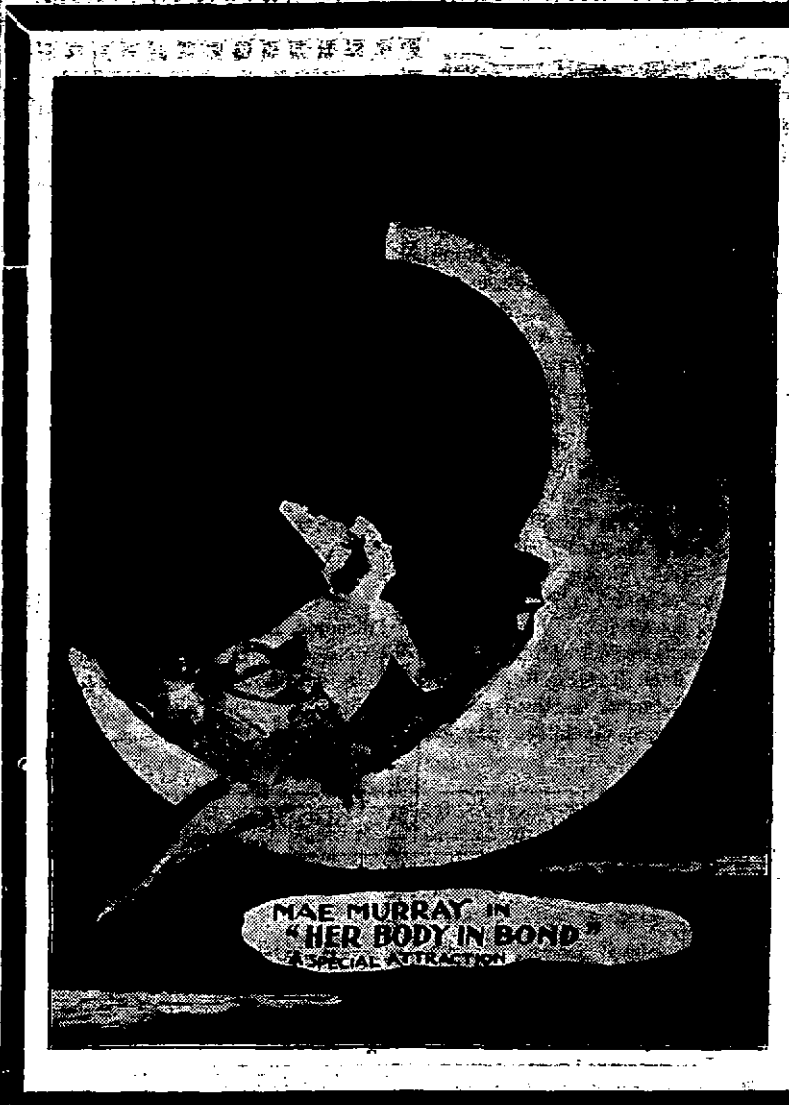

The picture was adapted by Garner Hunting from Porter Emerson Browne's novel "Someone and Somebody". The scenes were photographed by Charles Rosher and James Cruse was the director.

Fatty Arbuckle in "The Sheriff" will also be on the program.

Jascha Heifetz at Murat.

On next Sunday afternoon at the Murat theatre in Indianapolis one of the important musical events will take place when Jascha Heifetz, acknowledged the greatest genius of the violin of this generation, will be heard in recital. This is the fourth of a series of Sunday afternoon concerts which have attracted hundreds of music lovers to Indianapolis.

There is no longer any vestige of doubt as to the pre-eminence of

Heifetz as a violinist. His playing is incomparable in its sheer musical beauty. There is in Heifetz something that defies definition, a power that makes you feel that you are in the presence of the very spirit of music. If you believe in reincarna-

tion it is an easy matter to account for the marvelous artistry of this young Russian genius. Once in a generation an artist appears whose perfection is such that it is all but impertinence to comment upon it. Such an one is Heifetz. No great praise could be bestowed upon an artist, than that which the venerable teacher of Heifetz, Leopold Auer said of him. It was to the effect that in forty years of teaching the master had never come across his equal and the rapturous comment, "that such a genius is born to the world once in 200 years. As to his playing he bestowed an indorsement that was cosmic—no qualifications, hesitations, doubts. The program which Mr. Heifetz has arranged for the Indianapolis concert gives him opportunity to display every phase of his remarkable genius.

you could not hold out alone but all God asks you to do is to put your hand in His and He will see to it that you do."

The schedule of cottage prayer meetings for Friday morning from nine-thirty to ten o'clock is as follows:

Unit No. 1, Mrs. Ruth Bennett, 417 W. First; Unit No. 2, Mrs. A. T. Mahin, 404 N. Harrison; Unit No. 3, Mrs. L. H. Havens, 637 N. Main; Unit No. 4, Mrs. John Jordan, 916 N. Main; Unit No. 5, Mrs. Ben Gardner, 226 N. Perkins; Unit No. 6, Mrs. Mert Wolcott, 724 N. Perkins; Unit No. 7, Mrs. John Mausner, 324 E. Ninth; Unit No. 8, Miss Helen Seudder, 402 W. Second; Unit No. 9, Mrs. John Carpenter, 518 W. Seventh; Unit No. 10 with Mrs. Lewis Saddle, 839 N. Jackson; Unit No.

11, Mrs. Sarah Plummer, Circleville.

Everybody in the vicinity of any of these meetings is cordially invited to drop in and enjoy the half hour.

A Friend Recommended Them

A person often does more good than he realizes when he tells a suffering friend how to get well. J. N. Tobill, clerk Lottie Hotel, Evansville, Ind., writes: "For weeks I suffered constantly with pains in the muscles of my thigh. I was treated by the doctor for rheumatism but found no relief. Upon recommendation of a friend, I tried Foley Kidney Pills and began to get relief almost immediately." Good for backache, rheumatic pains, stiff joints, sore muscles. F. B. Johnson. —(Adv.) 6

DEATHS

Robert Paul, infant son of Mr. and Mrs. Scott Hosier died Tuesday and was buried yesterday.

Prof. Schiedler, history teacher in the local high school is recovering from the influenza.

Miss Hazel Hays who has been seriously ill at her home in North street, has recovered.

Mr. and Mrs. J. B. Pusey and son Charles are improving from an attack of the influenza.

Mrs. William Fitzgerald, is ill at her home in North Sexton street, suffering with influenza.

Mr. and Mrs. George Smalley are moving from East Second street to their property in West Ninth street.

Superintendent J. H. Scholl of the Rushville schools is suffering with the influenza at his home at the

corner of Jackson and Seventh

Mrs. Ivan Coyne and Mrs. Hetta Talbert, of Moringtown, who have been ill with the influenza, are improving.

Miss Marcella Coyne, who has been ill for several days, is able to return to her work as clerk at the Mauzy Co.

Edward Schriebe of Indianapolis, brother of A. H. Schriebe of this city, is reported to be in a serious condition, having contracted the pneumonia following the influenza.

A large troop train passed through the city last night, about 8 o'clock on the C. & W. It was made up of Illinois and Indiana troops and was on its way from Newport News, to Camp Grant, Illinois.

INVASION OF GERMANY PLANNED

Continued from Page One

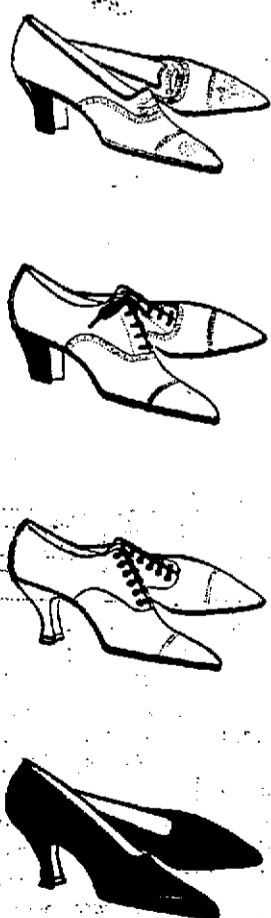

from Berlin reported today. War Minister Noske and General Von Winterfeldt have gone to confer with Field Marshal Von Hindenburg, who is personally directing the preparation on the eastern frontier. The German government, according to advices received here, fear an attempted Bolshevik invasion will be the signal for a general uprising of the radical element in Germany, many of whose leaders have openly boasted of alliance with the Russian Soviet. Although the Spartacists are known to be planning another uprising, President Ebert is said to consider the Russian menace more imminent and dangerous than the internal danger.

The Bolshevik forces are advancing on practically every sector, except the Archangel and Murmansk region, where winter conditions still prevail.

GERMAN HARNESS IS MADE OF PAPER

In Every Case Possible a Substitute
Was Used in Manufacture of
War Material

PAPER SUBSTITUTE USED

One Warehouse Was Packed With
Horse Equipment Manufactured
From Paper Cloth

By AVEHB MILLER
(U. P. Staff Correspondent.)

With the Third Army on the Rhine, Feb. 20. (By Mail).—An example of the huge mass of military material abandoned by the German Third Army in the region of Coblenz shows the straits to which the Germans were reduced by the shortage of leather and cotton.

In every case where it was possible a substitute was utilized in the manufacture of war material. For that reason much of the supplies abandoned will be of little use to the American army. Whenever practicable, paper was used instead of cloth or leather.

to...ani

One warehouse contains thousands of bags made of a rough paper cloth for use as sand-bags in the construction of trenches and defense systems. According to military men, these bags would weather only a few weeks and are probably not worth the shipping space.

Another storehouse was packed with horse equipment, most of it manufactured from paper cloth. The American salvage officers discovered in this warehouse a new wrinkle in the use of paper. There were hundreds of sets of harness for horses made of paper fabric, reinforced with thin steel cables; also halters, bridles and saddle bags. Salvage men believe that for the rough usage of war, this harness is as good as leather harness, inasmuch as it is replaceable cheaply, and in case an animal is killed on the battlefield the loss is less. In the same storehouse were thousands of horse blankets of paper, which are probably as warm as a cotton or wool blanket. Other finds were hundreds of coils of rope and cord of twisted paper strips, which is of little use because it quickly frays and pulls apart after wetting.

Among the abandoned material was several thousand thick straw horse shoes. The use of these shoes is puzzling military men, but it is believed they were used to muffle the tread of horses hauling artillery near the front. The Germans even used paper for the covering of stretchers for wounded.

Also there were great quantities of bolts of paper fabric for use in making the uppers of shoes. The fabric resembles a heavy black canvas with a shiny finish. Upon casual inspection it is difficult to determine that the material is not a thick shiny canvas, except that it is less pliable than cotton fabric.

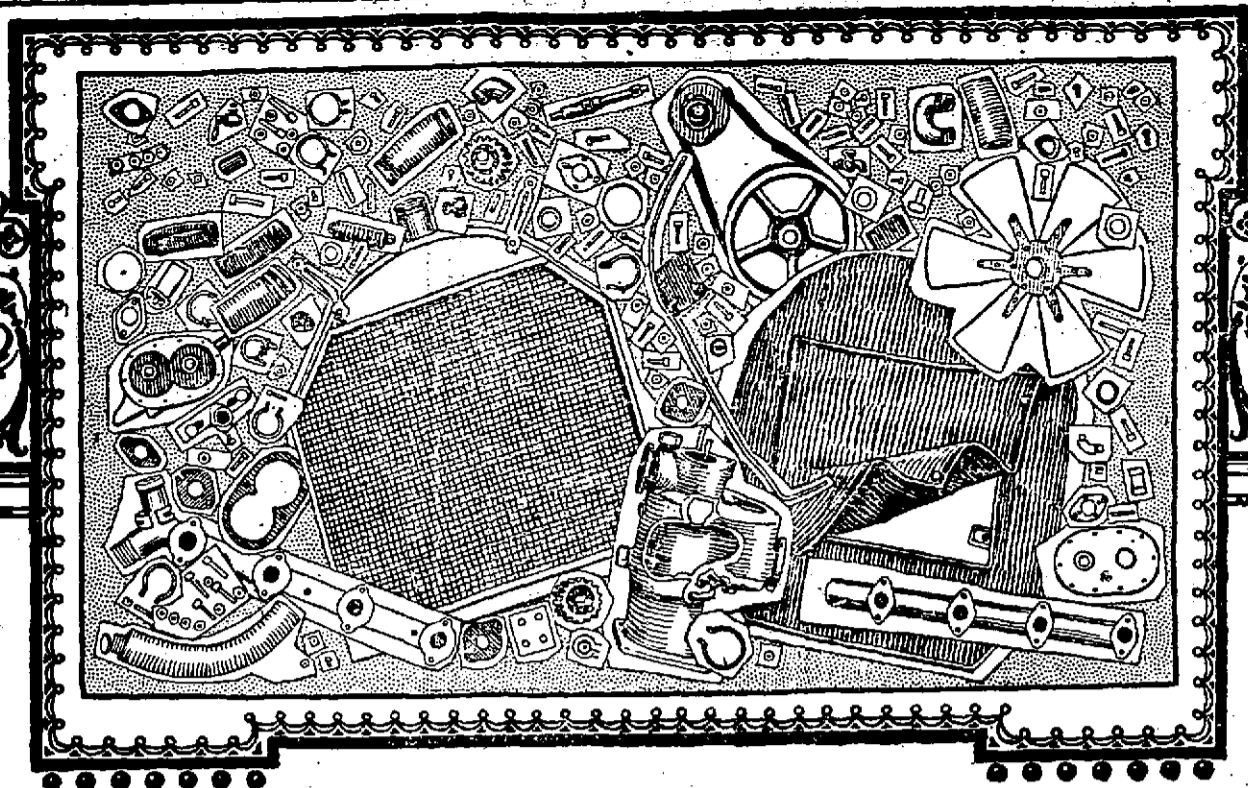

IS ORATOR AND REFORMED

Dr. J. S. McGaw, Speaks at Milroy
Sunday and Rushville Monday

Dr. James S. McGaw, D. D., of Los Angeles, general field secretary of the National Reform association, who is known from coast to coast as a traveler, orator reformer, will speak at the Milroy high school auditorium next Sunday night at 7 o'clock and at the First United Presbyterian church here next Monday evening at 7:30 o'clock on the subject, "America and the New Era." The address has been heard by audiences in many parts of the country and is said to be a masterpiece. The National Reform association is the same organization which brought Former Senator Cannon and Mrs. Shepperd here to speak on Mormonism.

CLEMENCY IS SOUGHT

A petition for clemency in the case of Burt C. Stevens, who was sentenced to serve a term of two to twenty-one years in the state prison after pleading guilty to the charge of incest in the Rush circuit court, has been filed before the state board of pardons. The petition will be considered at the March meeting of the board next week.

The Fine Light Weight Franklin Car Eliminates These 177 Trouble Making Parts

A MERICAN motorists are well aware that the trend in automobiles is toward greater mechanical simplicity. For it is plain that you are bound to have less trouble, if your car has fewer parts that give trouble. No more striking illustration of this fact than the above picture could be found. It shows the 177 parts incident to water-cooling.

Why Complication Means Trouble

Aside from the mere waste of weight, this mass of unnecessary mechanism inevitably means work, worry and expense. It means the frequent annoyance—not to mention repairs—of leaky and frozen radiators, cracked water-jackets, clogged and leaking pipes—all the countless other winter-and-summer ills that water-cooling develops.

The Franklin—America's Standard Light Air Cooled Car—is entirely free from this needless trouble, for its Direct Air Cooling consists simply of a powerful turbine fan that applies a swift current of air direct to each cylinder and cools it, in winter and summer, in high or low altitudes, under any motoring conditions.

And motorists today are demanding a car that they can rely on—that is ready for use at all times. They are no longer tolerant of the car that must be coddled—that is in the repair shop just when you need it most, or frozen into uselessness whenever the mercury drops.

The Franklin is ready for use at all times—it does minimize trouble and repairs; and over and above that, the elimination of this and other unnecessary weight enables it to attain a high degree of motoring economy.

Unnecessary Parts Mean Weight and Waste

In the illustration above, the radiator weighs 75 pounds. This and the pile of superfluous metal with the 48 pounds of water it requires and the heavier supports, constitute a dragging burden of unnecessary weight and unnecessary weight is the great barrier to motoring economy.

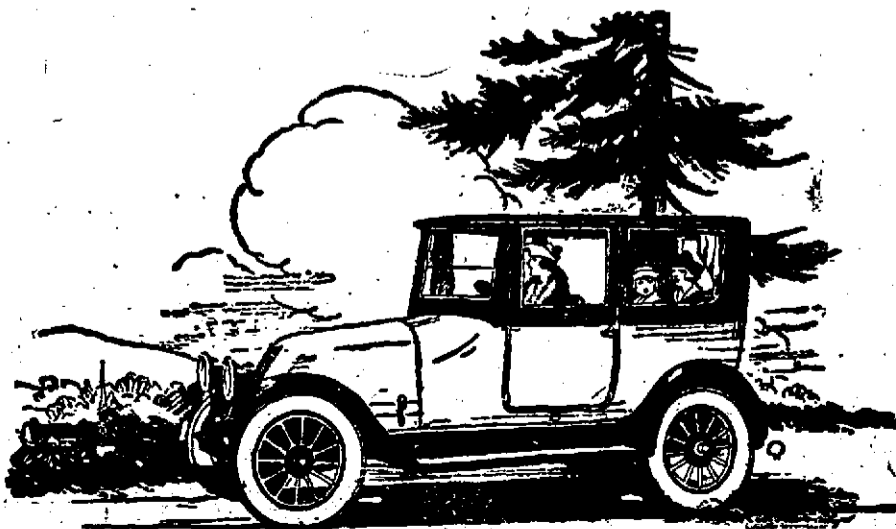

Freed from this burden, the Franklin gives a steady, day-by-day delivery to owners of

20 miles to the gallon of gasoline
—instead of the usual 10
10,000 miles to the set of tires
—instead of the usual 5,000

These Franklin facts are at your disposal at any time. Ask for them; and investigate Franklin Direct Air Cooling, Light Weight and Flexibility. Learn why these principles mean more motoring and better motoring for you.

And you will understand at once why the Franklin delivers, not only an economy far and away beyond anything in the fine car class, but also a motoring service that asks no odds of the calendar—that on the contrary, guarantees you motoring satisfaction 365 days in the year.

DELCO-LIGHT Increases Farm Efficiency

1. **Saves time and labor**—Work formerly done under poor light and by hand can be done better and in less time with the aid of electric light and power.
2. **Labor is attracted to the farm**—The "back to the farm" movement is made practical when the conveniences afforded by electric light and power can be had in the country.
3. **Keeps the boys and girls on the farm**—Electric service on the farm offsets city attractions. Valuable labor and valuable young manhood and womanhood are saved to the country community.
4. **Solves the retired farmer problem**—Electric light and power make the farm home so attractive and comfortable that the farmer and his wife remain on the farm where their advice, experience, and immediate interests are of great practical value.
5. **Lightens burden of the housewife**—Increased farm work in war times means increased labor for the housewife. Electricity offers the only practical means of taking the drudgery of household tasks from her shoulders.

Delco-Light is a complete electric plant for farms or country homes. Self-cranking. Air-cooled. Thick plate, long-lived battery. Ball bearings. No belts.

FARMLANDS FOR SOLDIER PLANNED

Farms in the Central Northwest for Returning Fighters are Waiting on Congress.

STATES TRY TO MAKE PLANS.

Minnesota Has Taken the First Step in Seeking Solution of Land Problem.

(By United Press.)

St. Paul, Minn., Mar. 20.—Farms for returning sailors and soldiers in the Central Northwest are largely waiting on Congress. In the absence of any unfilled plan to utilize the vast amount of unfilled land in the nation, the state legislatures in this section have been trying to formulate limited schemes for land utilization.

The states are waiting to see what the federal government will do—but northwest state legislatures will have adjourned until 1921 before congress can act.

Minnesota has taken the first step toward land settlement in consideration of Senator Leonard Nord's bill to create a state colonization commission, with power to license and govern colonization companies.

The only plan of settlement now in effective operation is a private enterprise headed by Benjamin F. Faast, of Eau Claire, Wis., who is a director of the St. Paul Federal Land Bank. Faast has been colonizing northern Wisconsin successfully for eighteen years and is the first colonizer to inaugurate farm colonies with churches, stores, schools and community centers—already provided.

The "Minnesota Plan," of which Senator Nord is the author is based upon the system worked by Faast, but also embodying a plan outlined by E. G. Quamme, president of the St. Paul Federal Land Bank, that for the first time would permit colonizing, not only "back woods" country, but the already settled communities of southern Minnesota.

The Nord bill would eliminate "land autocracy," which often has resulted in stagnation of high grade producing land by its lying idle or producing only a small percentage of capacity. It would enable the man of moderate means to pick his farm anywhere in the state and have a colonization company purchase and improve it for him. Under the plan of payment, his expense would be small the first four or five years and he would have 35 years or more to pay for the farm. The colonization companies being licensed by the state would be under strict regulation. State appraisers would report on the land, assuring the farmer of its condition. The colonization company could issue bonds up to within 75 percent of the value of the land and these bonds would be endorsed by the state.

Bills similar to the Nord bill in Minnesota have been introduced in the Wisconsin and Michigan legislatures.

The home builders' bill is the only settlement plan now before the North Dakota solons and provides that upon deposit of 20 percent of the value of the project, a man may engage in farm industry, fully equipped, under contract to pay up within twenty years.

Many plans have been discussed

Oldsmobile

Stabilized Prices

The revised prices on Oldsmobiles recently announced, make the Oldsmobile the most attractive investment today, among cars of unquestioned merit.

We repeat these stabilized prices, suggesting that you purchase now while we are able to make early delivery:

SIXES	
Model 37 Touring or Roadster	\$1295.00
Model 37 Sedan or Coupe	\$1895.00
EIGHTS

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking capsules or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

The Vocalion

"YOUR IDEAL"

TEUTONS SPEAK OF ANOTHER STRUGGLE

There Has Been no Revolution in Germany— Just a New Form of Government Organized.

ACCEPT WILSON'S 14 POINTS

Foreign Office's Policies and the Attitude of Its Individual Secretaries are Unchanged.

By FRANK TAYLOR
(U. P. Staff Correspondent.)

Berlin Feb. 26. (By Mail.)—Three months' careful study of Germany following the signing of the armistice forces the conviction that neither war from without nor revolution from within has worked any psychological metamorphosis of Germany as a nation, or of Germans as individuals. Neither the strength nor the weaknesses of the German people evidences any transformation. The minds which accept and apply the terms of peace will differ but little from those which steered the successful course of the German empire up to August, 1914.

The revolution has changed the form of government. It has not changed the governed. The war has brought to Germany defeat, disaster and destitution. It has not brought despair nor humiliation. A half-dozen speakers at the National Assembly in Weimar voiced the general feeling of the people when they said in effect:

"We have not been defeated militarily. Hunger and the revolution forced us to quit. We accepted President Wilson's Fourteen Points and demobilized voluntarily, according to the provisions of the armistice."

The foreign office's policies and the attitude of its individual secretaries are unchanged; its personnel is practically the same as before the revolution, though the officials all profess to be democrats. Now they claim they opposed the war, especially employment of "frightfulness."

Count Bernstorff is considered by many well-informed Germans to be the man who is really running the foreign office, with his cousin, Count Brockdorff-Rantzau, chief in name only. The Germans feel that Brockdorff-Rantzau's speech outlining the nation's foreign policy marked a new era in diplomacy because he stated frankly what the Germans consider modest. These included retention of the German colonies, a plebiscite for Alsace-Lorraine, repatriation of German war prisoners and reparation for damages only.

Ostensibly, the censorship was removed with establishment of the present government. Yet priority of news dissemination is still preserved as an exclusive and monopolistic privilege of the Wolff Bureau, which was the semi-official propaganda agency under the old regime. Foreign newspaper correspondents' dispatches are held up six hours after the same information is obtained by Wolff. This guarantees to that organization the opportunity of giving the world its first, and therefore its strongest, impression of any internal German situation.

No German making the first pretense at frankness will attempt to create the impression that the disastrous results of 1914-1918 have created any deep-seated aversion to

Thursday Auto Show Friday

We congratulate our Auto Dealers upon their first united show of our history. It can not fail to be an event of actual value to our fair City and County.

Advanced methods of both farming and merchandising require the use of a vast number of gas driven machines to insure the superlative degree of success. The wise will see, hear, and know all he can of this indispensable subject.

Without any idea of exaggeration or over-rating—because of the larger number of persons that are affected by our service—we consider it vastly more important that a like knowledge be acquired of our own preparation for your needs in our three departments — Dry Goods and Accessories—Ladies' and Misses' Read-to-Wear, Floor Coverings — Draperies — Shades — Kirsch Rods.

We invite you to attend this worth-while event, and should our business place be found convenient, make it your headquarters. And in any way that we may be able to serve you, it will be done, as is our custom, the best we know.

GUFFIN DRY GOODS CO.

QUALITY SERVICE

militarism among the German people. Men and women, both in and out of government circles, talk very casually of another war of revenge against France if Alsace-Lorraine is taken from Germany. They refer to this possibility as though it is to be accepted by everyone as a logical matter of fact.

Imperialistic, even monarchistic, utterances during the National Assembly meetings have stirred up no opposition from the delegates, except the radicals. For instance, Count Posadowski, conservative leader, defended Bismarckism. He advocated re-establishing the old regime, which he called the most benevolent and advanced government in the world. The delegates, save for a few radicals, listened blandly while Posadowski declared that a monarchy is the best form of government.

In addition to the Wolff Bureau's influence on foreign propaganda there is now a new government department which is daily furnishing the people with inspired opinion through the press. The theme of this propaganda is: "There has been no revolution in Germany—just a new form of government." With the exception of government organs, the press refuses to take the National Assembly very seriously.

A number of younger employees who joined the government through idealistic motives are switching to the radicals, believing that a real revolution is coming when the industrial workers and soldiers' councils decide that their expectations are not to be fulfilled. These elements are thoroughly organized and refuse to relinquish an iota of their power, though a representative republic has been established, because they apparently mistrust the motives of the coalition leaders.

The situation in Germany, without doubt, is critical as regards food, industry and finance, but this does not seem to have effected any radical change in the psychology of the general public. Public opinion throughout the country does not fix the guilt for the war upon Germany, nor upon the ousted ruling class. It does not acknowledge German defeat. Germans believe they are in their present position because—as their propaganda tells them—their idealism led them to lay down their arms and trust Wilson.

HUSBAND AND WIFE DIE
Petersburg, Ind., Mar. 20.—Mrs. Oraline Young died of influenza last night. Her husband, Bert Young, died of the same malady last Sunday. Their 5-year-old daughter is critically ill of the disease.

Bad Teeth Often Cause Rheumatism

So Says James H. Allen, Who Drove Out Rheumatic Poison After Being Grippled For Years

SAYS IT'S EASY WHEN YOU HAVE THE RIGHT MEDICINE

Take my prescription, which all first-class druggists dispense under the name Allenhu, says James H. Allen. In two days it will start to drive the poisonous uric acid from your joints and muscles, and free you from all rheumatic pain and agony and reduce swollen joints.

Rheumatic poison often gets into the system through decayed teeth, and in consequence people who desire to avoid rheumatism in years to come should have bad teeth attended to at once.

Wear warm clothes, get out in the fresh air and sunshine whenever possible; keep the body clean, drink plenty of pure water, don't overload the stomach, and avoid alcohol, even in its mildest form.

These are precautions worth heeding, but to banish all signs and traces of rheumatism and do it quickly, hundreds of well people, once full of rheumatism, will freely urge you to get a bottle of Allenhu at once.

The blessed relief this marvelous prescription quickly gives has made for it thousands of friends. It is Mr. Allen's own discovery; it made him strong and well after rheumatism had crippled him and made him unfit for work. It is guaranteed.

—(Adv.)

REHABILITATION SOLDIERS TASK

Delegates From all Allied Countries are Working to Solve This Great Problem.

IN CONFERENCE AT NEW YORK

Under the Auspices of the Red Cross Institute for the Crippled and Blind is Held.

(By United Press.)

New York, Mar. 20.—Delegates here today from all the allied countries are giving serious consideration to the rehabilitation of disabled soldier and sailors who had a part in the great war.

The conference, which will last until March 22, is under the auspices of the Red Cross Institute for Crippled and Disabled Men and the Red Cross Institute for the Blind.

Some of the best known men in the field of rehabilitation delivered addresses and outlined plans for the care of the disabled. Among these was Dr. Maurice Bourillon, president of the Permanent Interallied Committee on War Cripples; Edmund Dronart, director of the School of Rehabilitation for Maimed Soldiers, at Montpellier, France, and many others.

Belgium, England, Canada and other countries were represented at the meetings by experienced workers, and the Federal Board for Vocational

Education was represented by Dr. C. A. Prosser, James P. Monroe and Arthur E. Holder.

A wide range of subjects were discussed, including a national program of rehabilitation, the American program of compensation and functional restoration.

The American delegates listened with keen interest to the details of the rehabilitation work as carried on in Europe. As a result of the conference great impetus was given the movement here to care for the disabled.

The interests of employers in rehabilitation work were also discussed at some length.

MUCH IN HOW YOU HANDLE GARDEN TOOLS

There is a right and a wrong way to hold a rake. The picture shows the right way.

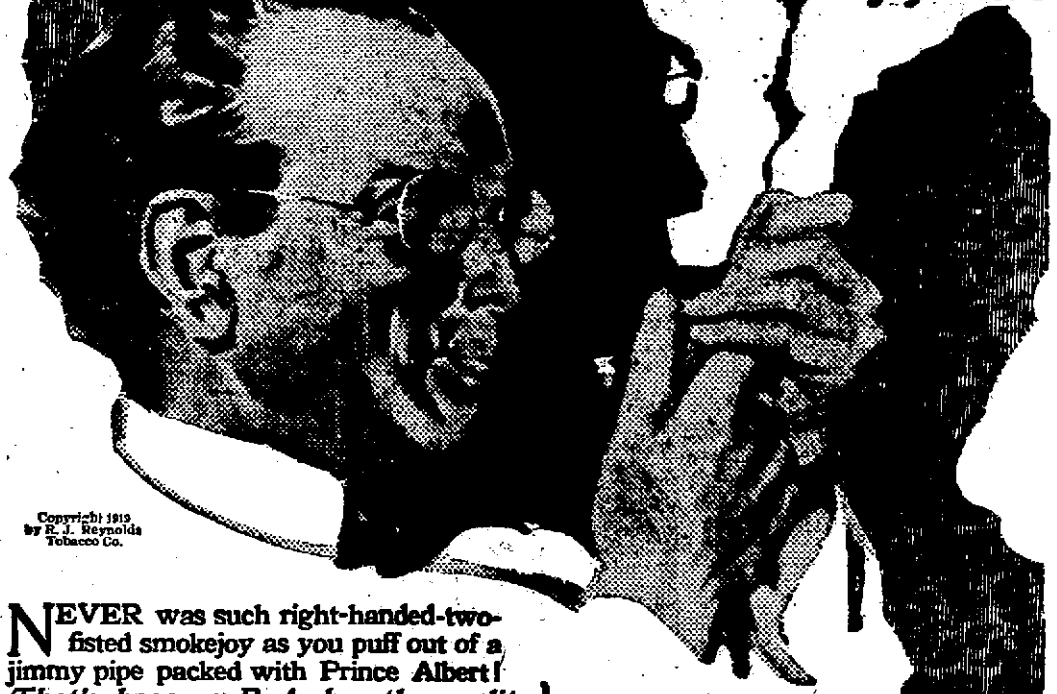

If this boy gardener had put his left hand farther up the handle of the rake, or had stooped over too far, or hadn't put the required distance between his feet, he would lose a whole lot in wasted energy. He learned the right attitude by practice and anyone can do the same.

This applies also to the handling of hoes, cultivators and other garden tools. Garden specialists of the United States Department of Agriculture say it is well worth while to learn the right way.

PRINCE ALBERT

the national joy smoke

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Tippy red bags, tidy red tins, handsome round and half-pound tin humidors—and that classy, practical round crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

BACK FROM THE WAR

I have opened up my Blacksmith Shop and am ready for business in the Wade Sherman Building on South Perkins street. Will thank all my old customers for their patronage and appreciate all new ones.

Henry O'Neal

Mr. Cash Buyer

Your cash will save you money on Farm Implements and Fence if you buy of us, as we give 5% off for cash.

Our Farm Implements are highest quality, sold at the right price, and you take no chance, when you buy them, as they have absolutely proven that they will do your work the way you want it done.

As Good a Two-row Corn Plow as You Ever Rode on Across the Field

\$95.00

Best Mower You Ever Looked at

\$70.00

We also have the right price on American, Page, Lion and Elwood Fence.

Where can you beat it?

WOMEN ARE A SUCCESS AS WAR TIME WORKERS

English Women Have Won a Place for Themselves in the Industries of Their Country.

PERMANENT LABOR FACTOR

(By United Press.)

London, Mar. 1. (By Mail.)—English women have definitely won a place for themselves in industry as a result of their showing during the war, according to a report issued by the Home Office.

"They 'made good' in a majority of the industries in which they substituted for the men.

Women must hereafter be considered a permanent factor in the English labor situation.

Industries in which women had the most conspicuous success were clothing and boot and shoe manufacturers, lines in which they had already been employed to a limited extent. Here they have shown capacity to carry out completely and satisfactorily many of the more skilled processes hitherto reserved for men.

The Home Office pointed out that while woman could not hope to compete permanently with men in many of the heavier manual trades, the war has shown that "in light, semi-skilled work her value is frequently equal, and where operations called for fineness of touch and deftness of handling, women are preferable to men."

In trades in which they were engaged in repetition work by machinery employers found the women took more kindly to the work than men. Many shops actually effected an increased output as a result of the substitution of women.

The report mentions that in certain trades the women have been hampered by the passive or open opposition of the men.

The United States Department of Agriculture has a book on gardening which is yours for the asking.

Would Keep Scars of War.

London, Mar. 6. (By Mail.)—London is proud of its war scars.
It has been suggested that commemorative tablets should be placed on the spots where bombs fell in London, with a record of the date and other data concerning the event.

IN MEMORIAM

In loving remembrance of Harry Kemple who died two years ago, Mar. 21, 1917.

A precious one from us has gone,
A voice we loved is stilled,
A place is vacant in our home
Which never can be filled.
(Call not back the dear departed
Anchored safe where storms are o'er
On the border land we left him,
Soon to meet and part no more,
We shall find our missing loved one
In our Father's mansion fair.
GEO. W. YOUNG.

You Are Always Welcome
We want you to come and look around—visit all our departments at any time—but particularly during
The Automobile Show

People in towns and in the surrounding country near Rushville will find this store offers the current attractions of any of the larger City stores. We are proud of Rushville, and we intend that the people of Rush and surrounding Counties shall find here the very things they might look for far away.

**We Are In Close Touch
With All Markets**

A style thought is scarcely evolved before we know of it and orders are filed. Residents of Rush county and towns outside of the County convenient to Rushville by Traction or trains will find it pays to visit our store instead of making longer and costlier trips—or sending far away—for the doubtful pleasure of paying a higher price for identical things, whether garments or other goods.

American Red Cross Cables From Europe Urge
Immediate Relief

For Hundreds of Thousands Abroad Who Are in Need of Clothing

Millions of garments are needed to clothe destitute people in countries that have borne the burden of the world struggle for liberty. Millions must be gathered to prevent even worse conditions than already exist. Money, if possessed in plenty would not buy the garments to put on the backs of these people because the war has left the storehouses empty and material to make into articles to wear can not be had except as it is supplied from those who have it to spare.

This is the appeal that comes from the representatives of the American Red Cross in the devastated countries of Europe.

The Red Cross must meet these appeals as it has all others and show that the millions who make up the organization in America, are still of the same spirit when emergency calls.

Every kind of garment for all ages and both sexes is urgently needed. It is equally important that the chapters avoid the collection of garments which are utterly useless for relief purposes.

Garments need not be in perfect condition,

BUT MUST BE CLEAN
